Farewell Shannon

Shannon began her extension career in the Flint Hills District in June 2019. We want to take this time to thank her for her time of service to the Flint Hills District and 4-H! Her effort and support of the 4-H program is greatly appreciated. Shannon has accepted a new position within Extension and her last day with the Flint Hills District will be Monday, February 28. She will be missed, and we wish her all the best! There will be a come and go style farewell reception at the Council Grove office on February 28th with refreshments available 8-12, 1-5. Please come wish Shannon luck with the next chapter of her journey.
District Club Days

Our 2022 District Club Days has been scheduled on Saturday, March 5 and will be hosted by Morris County. The event will be held at the Council Grove Elementary School, 706 E Main St, Council Grove. For the day of the event, we will use the doors on the West side of the building for entry. We appreciate the school’s willingness to allow us to hold our event in their facility. Just a reminder that even years will be hosted in Morris County and odd years will be hosted in Chase County. An entry form has been included with this newsletter to allow clubs and families to begin planning for the day. We encourage families to take the time to complete your registration form and begin work on your entries. All entries will be due by February 18 by 5 pm and will be accepted at either Extension Office or electronically. Just a reminder that members in each county will placed separate, so a Chase County Top Blue and Morris County Top Blue can be eligible for entry at Regionals. Following the entry deadline, entries will be scheduled and participants will receive an update. NOTE: There have been a few age updates at the Regional level to match with the new state score sheets. These details are reflected on the 2022 Entry Form. Regional Club Days has been scheduled for March 26 and will be held at Madison High School.

2022 “The Benefits of Insects” Art Competition

It’s time once again for K-State’s Integrated Pest Management (IPM) Insect Art Contest! This year’s theme is “The Benefit of Insects”. The goal is to capture in an art piece that insects benefit us as a society and why they are important. Selected artwork will be used to promote the importance of insects and to create other educational items. Artists that have art selected will receive a certificate and a prize to recognize their achievement. We will select a winner from each of the outlined categories and one overall winner will be selected from those entries. There is an April 15, 2022 deadline.

Why should your 4-H’er participate?
1. It’s fun.
2. It’s an opportunity to learn more about the benefits of insects.
3. It’s an opportunity to flex your creative muscles and practice your (art) craft.
4. It’s a state contest and you can add that to your record book or pin application for Entomology and/or Visual Arts.

For additional information including rules and entry form please contact the Extension Office, or you can visit https://www.ksre.k-state.edu/pesticides-ipm/

As To all of the 4-Hers and their families in Morris and Chase counties, thank you for a wonderful two and a half years and showing me what the Flint Hills District 4-H program is all about! Record Keeping

Record Keeping is a skill that is needed throughout the lifetime. Let’s look at skills developed and purpose of 4-H Record Keeping. There are many skills developed through 4-H record keeping including: patience, perseverance, organization, written communication, financial records, and attention to detail. Don’t overlook the skills and learning that happens by completing project records.

Purposes of 4-H Record Keeping include:

* To teach how to set goals
* To make plans for action
* Evaluate – how well you did
* To learn record keeping skills
* To learn to communicate, prioritize and summarize what you did
* To practice responsibility
* To evaluate and prioritize information
* To allow 4-H members to tell how they have grown, learned within outline parameters

As always, if you have any questions with the record keeping process, please ask.

Lamb Project

Small animal weigh-in for Chase County is April 30th and Morris County is May 1st. With that being said if you are enrolled in the lamb project you should start considering where you will be getting your lamb from and what traits you should pick for. Markets lambs should weigh at least 100lbs or more by fair check in, ideally your market lamb should weigh between 120-150bs for a market ready lamb.

Fat covering, finish or condition is extremely important in a market lamb class. The amount of fat can be determined by feeling down the top, using the ends of your fingers. Ideally, you should be able to detect the lamb’s backbone by using light pressure with your fingers. If the backbone is extremely definite and sharp, the lamb may not be carrying enough finish. However, if you cannot feel the backbone, the lamb should be considered too fat. Ideally, a lamb should exhibit from .15 to .25 inches of back fat when correctly finished. A firm, hard finish is desirable. Lambs with an abundance of muscling in the hind saddle are ideal.

I look forward to seeing all your lamb projects at the County Fair this year! If you have any questions, please contact the Extension Office for more information.
The Fair Board voted to allow market goats to sell in the Livestock Premium Sale for the 2022 Fair. Members will still be limited to selling one animal per specie through the premium sale. Extra animals who have made weight can be sold to the floor buyer if they wish. All market animals must be tagged with a 4-H eID tag by the 4-H tagging deadlines.

**Tagging and Weigh In**

We will be using eID tags for all livestock animals in 2022 again. This year each 4-Her will be responsible for paying for their tags and they will cost $3.25 each. Beef tagging deadline will be **March 30th** and the small animal weigh-in and tagging will be from **9am-12pm on April 30th** (This is a Date Change) at the Chase County Fairgrounds. Tags for beef will be available starting **March 1st** for pick up in the Extension Office in Cottonwood Falls.

**New Member Packet**

New Member materials can be found on the Chase County page of the District website. [https://www.flinthills.k-state.edu/4-h/chase-county/index.html](https://www.flinthills.k-state.edu/4-h/chase-county/index.html)

New Member materials can be printed from the website or let the Extension Office know if you need copies printed.

Note: these materials have been updated to reflect the Project Report Forms that were used last year for the record books.

As couple of clarifications now listed on the Order of Assembly:

*Must complete project records for at least half of the projects that you are enrolled in (if half is not a whole number, round up)*

*If you are enrolled in the Leadership Project, this must be one of the projects that you complete records for to complete this project for the year
