2022 State Livestock Nomination Information
The state livestock nomination process is transitioning to an online system this year! This will require families to plan ahead in order to successfully complete their nominations. Moving to an online system will streamline the process from nomination, to show entry, through participating in the state shows. The deadlines have not changed. Families will need to purchase an official DNA envelope for each animal by the order deadline, which is one (1) week prior to the nomination deadline. This will be June 8 for small livestock and commercial heifers. Old envelopes will not be accepted.

**Agent's Tip of the Month**

**Summer in 4-H**

I hope your Spring has gone well as the beautiful weather has moved in. Like every other year, I hear people asking "Where did the time go?" I know families are busy with multiple activities. School will be out this month and it is time to get a plan together for 4-H projects for the summer. Before school is out for summer, take time to get a plan:

* determine what you want to learn for each project
* have you set your goals for your project?
* what plans do you have for your exhibit for the fair
* review the fair book when it is available
* ask questions if you need clarification
* be sure to enter fair entries on time

As always, if you have any questions as you are preparing projects for the fair, please let us know.
