CLOVERBUDS

Individuals enrolled in the Cloverbud 4-H program are encouraged to participate in the Morris County Fair. Their projects will earn participation ribbons and will be exhibited in regular 4-H classes. They will be identified as a Cloverbud exhibit and will not be eligible for competitive awards. In order that the Cloverbud program remain a non-competitive environment, individuals enrolled in this program will not be allowed to participate in any of the livestock shows, premium livestock sale, fashion review or foods auction at the fair. Subject to a parent or guardian approval, individuals are encouraged to participate in the Peewee Swine and Sheep Showmanship as a learning experience.

**2021-2022 Leaders: Steffany Spear & Aleece Priest**

Fair Book Contest: (4-Her Exhibitors ONLY)
Anyone who finds errors while reading the 2022 Fair Book, please find Laci Thibodeaux (fair secretary), Shandi Andres or Abby Gettinger (extension agents) to verify the error to be entered in to a contest for the most errors found. The 4-Her with the most verified and valid errors will receive a $25 cash award. Findings must be presented to the secretary or extension agents during the fair between July 30 & 31. Errors need to be written on paper or a copy of the fair book page with errors will work. Bringing the fair book to us and showing us errors without proper preparation will not be accepted. The winner will be announced on August 1st at the Livestock Auction. No findings will be accepted before or after those dates. Happy reading!
4-H Fair Board
If anyone has an interest in attending or becoming a board member for the Morris County Fair Board, please reach out to a fair board member or extension agent!
Meetings are held the 1st Tuesday of each month!

GENERAL RULES

1. ELIGIBILITY: All 4-H and FFA club members enrolled in club work in Morris County will be eligible to exhibit and participate in the program. These members must have been enrolled before May 1 of current year and have attended in person six or more 4-H or FFA club meetings between October 1 and July 31 (one over half) to be eligible to receive ribbon premium money or to participate in any sale at the fair. New members must attend in person one over half of the meetings from their enrollment date to the fair or have physically moved to Morris County with a letter of active participation from their previous county to be eligible to sell livestock in the premium sale. FFA members must be due paying members that are involved in a Supervised Agricultural Experience Program as approved by the National FFA Organization. FFA members who have graduated from high school and paid their membership dues for the current year are eligible to exhibit if they are not yet 19 years of age before January 1 of the current year. Only Kansas 4-H members who were not yet 19 years of age before January 1 of the current year are eligible to compete.

2. All exhibits must be the handiwork of the exhibitor where skill is required, the grower where agricultural exhibits are shown, or the owner or feeder where livestock is involved. Exhibitors will be permitted to exhibit items made at school. All 4-H/FFA requirements must be met and project work completed in the current year. Each animal is only allowed one exhibitor per class.

3. Club members will be allowed to exhibit only in those phases of projects in which they are enrolled. Any exhibitor may enter as many entries in any one phase as they wish. All copyright laws will be strictly enforced and labels must be attached to any item requiring documentation.

4. All livestock must be properly tagged with the official 4-H ear tag. The 4-H tag belongs in the animals LEFT EAR. This is generally done at the county weigh-in or by an Extension Agent prior to weigh-in. If your animal has lost its 4-H ear tag it must be replaced prior to the fair, or they will be lowered one ribbon in their placing at the fair. All “farm” ear tags must be removed prior to the county fair. If they are not removed prior to that time, the superintendent will remove them for you.

5. Individuals showing in the Sheep and Meat Goat projects must have all animals tagged with the official USDA premise ID tags to determine the flock of origin.

6. Livestock being exhibited at the fair may be inspected by a veterinarian at the discretion of the Fair Board.

7. All dairy goats will be tagged with a USDA premise ID tag to determine flock of origin OR have a registered tattoo ID with a recognized organization (ie.-ADGA).

8. All livestock exhibitors will be provided with an exhibitor number that MUST be worn on the back of the shirt whenever the exhibitor is in the show ring.

9. The Fair Association reserves the right to withhold ribbon premiums in every case where compliance with regulations appears to have been violated or that fraud or deception has been practiced or attempted. The Board of Directors reserves the sole and absolute right to determine arbitrarily all matters and differences. If rules are not followed, ribbon premiums will be withheld.

HORTICULTURE

Superintendent: Valerie Hiegert

Special Rules
1. Quality and condition of exhibit will be considered. Choose vegetables for exhibit that will hold up well during the Fair. Avoid overripe or over-mature specimens. Those that are slightly under ripe or slightly immature when picked may last longer.

Class:
100 Garden Display—exhibit consists of five different fresh vegetables limited to four square feet. Only one variety of a specific vegetable may be exhibited. If small fresh vegetables such as green beans are used as one of the five different vegetables, a dozen is suggested as a good display. Shelled vegetables should not be exhibited. The five vegetables to be exhibited are as follows:

9. All judges' decisions are final. Unsportsmanlike conduct toward the judge either verbal or physical, or any other abusive action, will result in relinquishment of premiums and ribbons and be barred from exhibiting at the Morris County Fair the following year. THIS RULE SHALL APPLY TO EXHIBITORS AND ALL MEMBERS OF EXHIBITOR'S FAMILY.

10. Abusive and/or neglectful treatment of livestock as determined by the Morris County Fair Board shall not be tolerated at the Morris County Fair and may result in the garnishment of premiums, ribbons and the exhibitor being barred from exhibiting at the Morris County Fair the following year.

** If abusive and/or neglectful treatment is observed, please see the superintendent of that animal to address the issue. If it is necessary to further address the issue, please find a fair board member. **

11. All livestock exhibitors must have their area cleaned on the day following the livestock auction, or ribbon premiums will be withheld.

12. This fair book supersedes all other rules. Classes offered in the county fair however, may or may not have a corresponding class available at the state level.

13. Fitting and showing of all animals will be held before that species market classes.

14. No animals will be allowed in the Community Building at any time with the exception of cats, dogs and hand pets during their respective shows or service animals.

15. ALL 4-HER’S WILL BE PROVIDED A 4-H FAIR T-SHIRT. 4-HER’S SHOWING LIVESTOCK WILL BE REQUIRED TO WEAR THE 4-H T-SHIRT WHEN SHOWING, WITH THE EXCEPTION OF HORSE, DAIRY CATTLE & GOATS, RABBITS, & DOG SHOWMANSHIP. NON-LIVESTOCK 4-HER’S ARE ENCOURAGED TO WEAR THE FAIR SHIRT WHEN PRESENTING THEIR PROJECTS. THIS SHIRT IS PROVIDED THROUGH SPONSORSHIP. Additional shirts will have to be purchased by the 4-Her’s family.
LIVESTOCK PREMIUM SALE RULES

1. The Livestock Sale will begin at 7:30 p.m., Monday August 1st.
2. Animals will be sold in the following order: Sheep, Goats, Hogs, and Beef.
3. All “Intent to Sell” cards MUST be turned in to Fair Secretary 1 hour after the conclusion of the Sheep & Meat Goat Show on Sunday evening.
4. Minimum weights to be eligible for the sale will be 1,000 lbs for steers/heifers, 230 lbs for hogs, 90 lbs for lambs and 40 lbs for goats. All species under county weight limit will be ineligible for the Grand Drive and Premium Auction Sale.
5. The livestock in the premium sale will be numbered by 2:00 p.m., Monday, July 31st. They will be numbered according to the placing they received in the fair and will be sold in that order. The Grand Champion and Reserve Grand Champion of each species will sell first.
6. All market livestock will be weighed once at the time of check-in the first day of the fair by the superintendent in charge and will be shown and sold on that weight.
7. If a livestock animal weighs under the minimum weight required, between 5-8 p.m. of check in on July 29th, that animal will be allowed to have ONE more weigh in BEFORE 8 p.m., which is the closing time of weigh in. If the livestock animal still does not make minimum weight for their species, it will be shown in the underweight class, if applicable. It will not be eligible for the premium sale. DO NOT ABUSE THIS PRIVILEGE. If an exhibitor is caught adding weight in an inappropriate manner, the 4-H will be disqualified from showing.
8. It will be a competitive premium only sale. Bidding will be for actual dollars of premium to the seller. Checks will be made payable to the Morris County Fair Association and a personal check will be written to each seller from that organization. Settlement or plans to settle will be made at the time of the sale.
9. Any person or business contributing money to an individual 4-Her at the sale, after the fall of the gavel, will not be listed as a contributor.
10. 4-H members are limited to the sale of 2 animals per person. All animals listed for sale must be shown. If the animal is listed for sale, the club member will be expected to sell. The club member has the option of no sale before leaving the ring.
11. No sale animals will be loaded out during the livestock sale.
12. All market animals must have the project terminated. The animal may not be shown elsewhere after the Morris County Fair. If the project is not sent directly to slaughter, the 4-H ear tag must remain in the livestock’s ear. It is unlawful to remove the tag. Market animals may not return in future years in breeding classes.
13. To assist with the cost of the auction, $10 will be withheld from each animal sold in the livestock auction.

2. All PERISHABLE exhibits must be entered by 9:30 a.m. Saturday.
3. It is the exhibitor’s responsibility to see that the superintendent has properly entered his/her exhibits.
4. All exhibits, supplies, feeds and other articles must be well marked for identification or labeled with regulation labels when required.
5. Club members exhibiting livestock should accompany their exhibits and provide their own equipment for feeding and caring for their exhibits properly. They must be on hand to exhibit their exhibits. In case the exhibitor has two entries in the same class, he or she may have another Morris County club member assist with showing one entry with the approval of the Superintendent of that division. Animals being shown in the market classes are not eligible to show in the breeding classes and vice versa. 4-H and FFA exhibits will be shown together.
6. Livestock may be fitted ONLY by the 4-H member, club leader, immediate family member, project leader or other Morris County 4-H member.
7. Absolutely no straw will be allowed in the barns. Wood chips will be available for sale at Agri Trails Coop. You are responsible for your own bedding.

**RELEASE OF EXHIBITS**

All INDOOR exhibits will be released at 8:00 p.m., Monday, August 1st, and must be claimed at once after they are released. Those in charge will assume no responsibility for exhibits or property left on the Fairgrounds after the close of the Fair. Exhibits should be checked out from the Division Superintendents. Please make arrangements for your items to be picked up if you are unable to do so at the scheduled time. If exhibits are taken early, the fair board reserves the right to withhold ALL premium money from the exhibitor. If you see another individual leaving before the 8 p.m. time, do not assume that it was approved. Find a fair board member or extension agent!

**THE LIVESTOCK WILL BE LOADED OUT AFTER THE CONCLUSION OF THE LIVESTOCK AUCTION!**

**LIVESTOCK JUDGING CONTEST**

The Livestock Judging Contest will be divided into Senior and Junior age groups. Sign-up will be provided the morning of the contest. Seniors will give reasons and Juniors will answer questions regarding the previously judged classes. There will also be an adult class and a pee wee class.

Monday, August 1, at 12 p.m.
AWARDS

1. The rating system of awards is used for all exhibits at this Fair. The exhibits in each class will be placed by the judges by a purple, blue, red or white ribbon with the exception of open class where a 1st, 2nd and 3rd place will be given in each class. No check will be written for premiums under $1.

2. Ribbons will be placed on 4-H/FFA exhibits when judged. Prize money will be distributed later to the members exhibiting.

3. The judges will make the awarding of Champion and Reserve Champion. If they feel there is no exhibit of championship quality, an award will not be given.

4. The Grand Champion and Reserve Grand Champion award will be given to the best exhibit in each project, if applicable. The Grand Champion and Reserve Grand Champion ribbon are not dependent on the type of ribbon given.

WHAT DOES A RIBBON MEAN?

In 4-H, we use the “Danish” system for ribbon placing. This means that exhibits are not judged “against” each other but rather they are evaluated according to a standard.

A purple ribbon means…superior. It is outstanding on all standards.

A blue ribbon means…above average. It has exceeded minimum standards.

A red ribbon means…average. It meets the minimum standards. It shows honest effort has been made. There is room for improvement.

A white ribbon means…that for one reason or another, it did not meet the minimum standards. A white ribbon does not mean that the exhibit isn’t worthwhile.

Winning is NOT the most important thing that happens at this event…..

Focus on positive efforts, not outcomes.

OPEN CLASS DIVISION

Open Class Rules:
1. Ribbons will be awarded to 1st, 2nd, and 3rd place exhibits. Prize money will be awarded for 1st, 2nd, and 3rd place in each class. No check will be written for premium total under $1.

2. Entries will be limited to one entry per exhibitor per class except the horse division. Pen space and housing is up to the discretion of the Superintendent.

3. The open classes of crops, horticulture, sheep, cattle, hogs, and horses will be open to anyone.

4. All judges’ decisions are final.

5. Unsportsmanlike conduct toward the judge either verbal or physical, or any other abusive action, will result in relinquishment of premiums and ribbons and be barred from exhibiting at the Morris County Fair the following year. This rule shall apply to exhibitors and ALL members of exhibitor’s family.

6. Abusive treatment of livestock will not be tolerated at the Morris County Fair and may result in the loss of premiums and ribbons and be barred from exhibiting at the Morris County Fair the following year.

7. PRE-ENTRY IS REQUIRED ON ALL LIVESTOCK.

8. HORSE SHOW PRE-ENTRIES ARE NOT REQUIRED BUT ARE ENCOURAGED.

9. FOR PRE-ENTRIES, PLEASE SUBMIT ENTRIES USING FAIR ENTRY (WWW.FAIRENTRY.COM). ALL REQUIRED PRE-ENTRIES ARE REQUIRED BY JULY 3RD AT MIDNIGHT.

Thank You Note Expectations and Policies
A great deal of time, energy, and money contribute to the success of the fair and support of the Morris County 4-H Program and 4-Her’s. This year, in an effort to properly thank our sponsors and buyers, specific thank you policies are being put in place.

Sponsors of Awards
A blank thank you note and envelope will be attached with all awards and trophies. They will be specially addressed and marked for the award which has been sponsored; the 4-Her is expected to write his/her thank you note on the stationary provided and then turn it in to either the box at the Thank You Note Booth during the Fair or to the Extension Office in the 30 days following the fair. **DO NOT** mail them directly to the sponsor. Names will be checked off of the list to assure that ALL sponsors receive their thank you note. All Thank You notes are due to the Extension Office by September 2, 2022 at 5 PM. If the sponsor thank you notes are not turned in to the Extension office, the 4-Her forfeits their ribbon premium funds. If the thank you is lost, check with Shandi or Laci for sponsor information. Blank Thank You notes will be available at the Thank You Note Booth. A list of ideas to include in your thank you:

- Sincerely thank the sponsor for the award you received and their generosity
- Share your favorite part of the project this year
- Share one or two interesting things you learned this year

Foods Auction
A thank you note must be included with your foods box at the check-in table by 9:30 AM on Saturday. Boxes without a thank you note will not be sold. A list of ideas to include in your thank you:

- Sincerely thank the buyer for the purchase of your foods box
- Share one or two interesting things you learned this year
- What makes your recipes or foods in the box special?
- Invite them to come back next year

Livestock Premium Auction
Following the sale of your market animal, you will receive a buyer’s ribbon and a colored postcard labeled ‘Morris County Fair Livestock Sale Thank You Verification’. The buyer’s ribbon can either be directly handed to the buyer that night with a verbal “thank you” or can be delivered at a later date with your hand-written thank you. The colored postcard labeled ‘Morris County Fair Livestock Sale Thank You Verification’ will have yours and your buyer’s information on it. When a thank you has been hand-delivered to the buyer within the 30 days following the sale, ask the buyer to sign, and the 4-Her should return the postcard to the Extension Office. This should NOT be signed by the buyer the night of the Premium Auction. If you would like to deliver a token of appreciation like cookies, goodies, or a small gift this is the time to do so. Please do not deliver goodies to the buyers the night of the auction. Thank you verification forms are due to the Extension Office by September 2, 2022 at 5 PM so checks can be processed when funds are made available. If the Thank You verification is not turned in to the Extension office by the deadline, the 4-Her forfeits his/her livestock premium funds.
When you write your thank you note, be sincere and express your appreciation. A list of possible ideas to include in your thank you note are:

- Sincerely thank buyer for purchase of your animal
- You might share specific plans you have for use of the sale proceeds
  - Purchase of next year’s project animal
  - Saving for education after high school
  - Enrolling in and exploring other 4-H project offerings
  - Share one or two interesting things you learned about this year
  - Invite them to participate in future Stock Sales
  - Even if you are graduating, other members could benefit from their support

Thank You Note Booth

The Thank You Note Booth will be set up in the Concession Stand area of the Fair building. Blank thank you notes will be available. Please take the time to write a thank you to those who have supported you during this 4-H year. There will be a box to place sponsor thank you notes in.

All thank you notes should be turned in to the Extension Office by September 2, 2022 at 5 PM.

Premium checks will be written once Laci has received notification that funds have been released to write checks.

4-H DIVISION

4-H STEM—AG MECHANICS
Superintendent: Taylor Green

Special Rules
1. 4-H members must be currently enrolled in the Kansas 4-H STEM—Ag Mechanics (Welding) project to exhibit in this division.
2. Each exhibitor may enter one exhibit per class. Exhibits must have been constructed or repaired during the current 4-H year. Counties or districts should select only top blue or purple ribbon exhibits for the Kansas State Fair that meet guidelines.
3. Exhibitors are responsible for providing sufficient braking or “chocks” for trailer exhibits to ensure that the exhibitors do not move once positioned. If using a wheel “chocking” mechanism, the two individual blocks should be connected together as a pair of chocks, so they do not become separated. At least one pair of chocks should be placed on each side of the trailer to prevent movement.
4. Exhibitors are responsible for providing sufficient braking or “chocks” for trailer exhibits to ensure that the exhibitors do not move once positioned. If using a wheel “chocking” mechanism, the two individual blocks should be connected together as a pair of chocks, so they do not become separated. At least one pair of chocks should be placed on each side of the trailer to prevent movement.
5. For trailer exhibits the tongue of the trailer should have a locking mechanism (e.g., padlock) to prevent the trailer from being moved by unauthorized individuals while being displayed. A key for the locking mechanism should be left with the superintendent and labeled with the exhibitor’s name, county, and phone number.
6. Each exhibit must be free-standing or sufficiently supported by an exhibitor supplied support system that is moveable and part of the total dimensions and weight of the exhibit as described previously. Exhibit boards should have a portable and moveable base. No exhibits may be staked to the ground for display.
7. Top heavy items should be braced or placed in a stand sufficient to prevent it from toppling over while on display.
8. Exhibits may not be bound, affixed, attached to the fair buildings, except by the superintendent, fair staff, or fair extension staff.
9. Painting or spot painting is not allowed on projects after arrival on fairgrounds. If wet paint is detected by judges or superintendents one ribbon placing will be deducted.
10. Repair projects having adequate original finish need not be repainted. Display cases for small exhibits are acceptable and must be easily opened so the item can be removed and examined as part of judging.
11. Cutting surfaces, such as blades or knives, are to have a protective covering over them to prevent injury. The covering should be easily removed and reinstalled for judging. Foam “pool noodles” and multiple layers of cardboard are acceptable.
12. Display cases for small exhibits, such as knives, are acceptable, and must be easily opened so the item can be removed and examined as part of judging.
13. Exhibits that include weaponry of any kind will be disqualified. Weaponry is defined as instrument, possession, or creation, physical and/or electrical that is intended to be used to inflict damage or harm to individuals, animal life, and/or property.
14. If the exhibit is powered by flammable liquids (gas, propane, kerosene, etc) the fuel tank and lines should be drained and allowed to dry, to avoid spills and potential fires.
15. Electric powered (battery, corded, solar, or alternative energy) should have a primary shutoff or disconnect switch.
16. If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor’s exhibit, at the judge’s discretion, will receive a deduction in ribbon placement or a participation ribbon.
17. The exhibitor’s name(s) and county or district must be tagged or labeled in a prominent location on the display. All revisions of all forms previously released for the STEM division dated prior to current year are void for use as new forms must be obtained and used that are dated by the State 4-H Office for the current year.
18. Each exhibit must include an Ag Mechanics information packet. Entry of just a packet without an accompanying exhibit is not a sufficient exhibit.
19. Each exhibitor is required to complete the “4-H STEM Ag Mechanics Exhibit Information Form” which is available through your local K-State Research and Extension office or at www.STEM4KS.com. This form must be attached to the outside of a 10"x13" manilla envelope. Do not tie the envelope to the exhibit.
20. For the county fair, the video element is not required due to consultations judging being used.
20. Each exhibit information packet should include the following items:
   A. Bill of materials for the project with associated costs, scrap items used may be listed as having a $0.00 cost.
   B. 1 to 5 pages of photos showing work on the exhibit, preferably from a beginning state to final or completed state.
   C. If appropriate, schematics or working drawings relating to the creation or repair.
   D. If appropriate, operating instructions.
21. Additionally, exhibitors may create an optional video (not required) about their project showing its operation and the work they have done. This allows judges to get a better understanding of the exhibit and allows the youth the opportunity to fully demonstrate their exhibit. The video should be no longer than 8 minutes and should be placed on a USB drive. Adult guardians must complete the video release included with the exhibit form.

Introductory–Level 1 Classes (about 1-3 years of experience)
This level is designed for youth with little to no exposure in the project area so that they can gain understanding of basic principles and methods in the given area.

**CITIZENSHIP**

Superintendent: Lorri Kasten
Junior Superintendent: Jacob Kasten

**Special Rules:**
1. Read GENERAL RULES.
2. Limit each poster exhibit to one 22”x28” poster.
3. Consultation after judging completed if desired.
4. Not State Fair eligible. There is no class that they can be shown under.

**CLOTHING CONSTRUCTION**

Superintendent: Shilo King  Junior Superintendent: Jacob Kasten

This project will introduce you to a whole new world of options with outfits, clothing, and accessories. The clothing construction phase will teach you the basics like sewing a shirt or putting a zipper in a pair of pants. The advanced units will teach you how to take the design of your choice and customize it for the perfect look, color and fit.

### Special Rules
1. See GENERAL RULES.
2. Constructed items may be used before they are exhibited, but if so, they must be laundered or cleaned before being exhibited.
3. Constructed items shall be labeled with a 4-H Clothing label available from the Morris County Extension Office. Sew labels on inside of garment (back of neck, center back of waistband, or left end of apron band). Label each piece.
4. Since care labels are not always available, NO care label will be required; however, 4-H members should know how to care for fabrics they purchase.
5. **Judging will occur on Tuesday at the Fair Building.** Exhibitors may bring up to five constructed items and one educational exhibit to be judged.
6. Must have a purple to qualify for the Kansas State Fair. Can take 1 constructed piece and 1 education exhibit.
7. For award purposes, junior division ages will be 7-13 years old and senior division ages will be ages 14 years and older.

**AWARDS:** Champions and Reserve Champions will receive rosettes.

16. Mechanical enhancements or motion elements that add motion to the diorama are acceptable and encouraged. If used judges should be able to use them and instructions should be provided for operation.
17. Artistic designs with no architectural design/components are not permitted and two ribbon placings will be deducted.
18. The exhibitor’s name(s) and county or district must be tagged or labeled in a prominent location on the display.
19. Each exhibit must include an Architectural Block Construction information packet. Entry of just a packet without an accompanying exhibit is not a sufficient exhibit.
20. Each exhibitor is required to complete the “4-H STEM Architectural Block Construction Exhibit Information Form” which is available through your local K-State Research and Extension office or at www.STEM4KS.com. This form must be attached to the outside of a 10” x 13” manila envelope. Do not tie the envelope to the exhibit.
21. Each exhibit information packet should include the following items:
   a. At least one drawing of the desired architecture on graph paper, multiple views (top, front, side) preferred
   b. 1 to 5 pages of photos showing work on the exhibit, preferably from a beginning state to final or completed state
   c. If appropriate operating instructions for mechanical portions of the diorama
22. Additionally exhibitors are required to create a video about their project discussing their construction experiences and the architectural elements of the diorama. This allows judges to get a better understanding of the exhibit and allows youth the opportunity to fully explain their exhibit. The video should be no longer than 8 minutes and should be placed on a USB drive.

CLUB BANNER EXHIBIT

Superintendent: Lorri Kasten
Junior Superintendent: Jacob Kasten

Special Rules:
1. NOT STATE FAIR ELIGIBLE
2. A label is to be attached to the front lower left-hand corner (as you face it) of the banner giving the name of the club and county/district. Names of 4-Hers is optional. Waterproof ink prevents smearing and is recommended for the label. Letters should be a minimum of 2” in height.
3. The club display should avoid using copyrighted materials whenever possible by originating their own work. Copyrighted and/or trademarked materials utilized in banners for endorsement or promotion instead of educational purposes will be disqualified and will not be displayed.
4. Each banner should illustrate a phase of 4-H work, which is being practiced by youth in 4-H, or promote 4-H in general.
5. Banners are a two-dimensional display, depicting one idea. Guidelines are listed below. Three-dimensional objects should NOT be attached to the banner.
6. Banners should be made out of flame-resistant material.
7. Dimensions are to be no less than 12 and no more than 16 square feet with no side less than 3’.
8. Banners must be hung on a rod strong enough to support the banner. On each end of the dowel rod there should be a chain 6” long. On the other end of the 6” chain, attach an “S” hook which will permit the banner to be suspended by the chains on the wire in the Exhibit Building. Banners mounted any other way risk not being displayed due to technical problems.
9. Banners should be made of materials that permit the banner to be folded or rolled without damaging.
10. A Champion and Reserve Champion will be awarded.

**Basis for Evaluation:**

1. **Educational Value: 40%**
   - A. Presents suggestions or striking facts that are simple in form and quickly grasped
   - B. Shows extent to which 4-H involvement meets a fundamental need
   - C. Promotes decision and action.

2. **Interest and Originality: 20%**
   - A. Presents original, unusual or striking method of exhibition
   - B. Holds interest of people until they have read or observed essentials of the message
   - C. Defines clearly one central idea.

3. **Appearance: 20%**
   - A. General appearance, artistic, neat and attractive
   - B. Can be viewed and read (if words are used) at distance up to 20’. Letters should be 2” in height.

4. **Quality of Display Materials: 20%**
   - A. Display must be made of materials that will permit the banner to be rolled or folded and displayed repeatedly without damaging the banner.
   - B. Banner must be minimum of 12 and maximum of 16 square feet with no side less than 3’.
   - C. Banners must be hung on a rod, strong enough to support the banner.

**Class:**

**DIVISION E - ExHibitors 14 years and older**

**5536** Mid-power rocket made from kit or original design.

**High Power Rocketry (H or I Engines) Guidelines:**

**Purpose:** To allow for improved safety and judging of rockets that meet the requirements of 4-H high power rockets.

1. Exhibitors must be at least 14 years of age by January 1 of the current year.
2. The rules for ALL categories apply.
3. In addition to the information packet completed for all rockets, a high power information form must be completed and placed inside of the information packet. This may be downloaded from www.STEM4KS.com.
4. Exhibitors in this division must hold memberships in either NAR or Tripoli organizations.
5. The NAR High Power Rocket Safety Code applies to the construction and launching of all rockets displayed in this division. As such all exhibitors must comply with the NAR High Power Rocket Safety Code that is in effect as of October 1st of the current 4-H year. However in the event that there is a modification in this code the STEM Action Team may review and implement the modified code.
6. All rockets in this division are to be launched under adult supervision by the 4-H member who constructed the rocket.
7. For rockets launch using an engine(s) that have 160.1 (‘H’ engine or equivalent amount of smaller engines) Newton’s seconds or larger, adult supervision must be provided by an individual having at least a level 1 high power certification. The 4-H member should also hold or be attempting to attain their level 1 high power certification, and should include supporting documentation of such (a copy of Level 1 card is sufficient)
8. High Power Rockets may be displayed without a supporting stand. If a supporting stand is used, it must be no more than 4-1/4” (four and one-quarter inch) thick and 8” square. The exhibitor’s name, county or district, and age must be labeled on the base.

**Senior Division-ExHibitors 14 years and older**

**5535** High power rocket made from kit or original design.

**4-H SPACETECH – UNMANNED AERIAL SYSTEMS**

**Purpose:** The 4-H unmanned aerial systems or UAS project explores the world from above the trees and discovers new frontiers with UASs. UASs are commonly known as Unmanned Aerial Vehicles (UAVs) or drones. Members explore the uses and applications of unmanned aerial systems including how UASs link to other projects such as geology, robotics, electronics, crop science and many more.

1. The 4-H members must be currently enrolled in the 4-H STEM project to exhibit in this division.
2. Each exhibitor may enter one exhibit per class. Exhibit must have been completed during the current 4-H year and have been selected at the county level for entry at the State Fair level. Counties or districts should select only top blue or purple ribbon exhibits which meet State Fair guidelines.
3. The information that accompanies the UAS must be limited to the 4-H Space Tech Exhibit Information Form which is affixed to a 10” x 13” envelope. This envelope should NOT be attached to UAS. This may be downloaded from www.KansasSpaceTech.com. Any UAS exhibit not including this completed envelope will receive an automatic participation ribbon.
4. Exhibitor’s name, county or district, age, and years(s) in project must be tagged or labeled in a prominent location on the exhibit, educational display, notebook, and/or poster.
5. Unmanned Aerial Systems that include or depict weaponry of any kind will be disqualified.
6. See the last section for full details about exhibiting posters, display boards and notebooks.
Division A - Exhibitors 9-13 years old

5520 Rocket made from kit. Include plans.
5537 Scale Model Rocket made from kit includes plans.

Division B - Exhibitors 11 through 13 years old (9-10 year olds may not enter in this class)

5521 Rocket designed by exhibitor: not merely a modification of an existing kit. Include original plans.
5538 Scale Model Rocket designed by exhibitor: not merely a modification of an existing kit. Include original plans and stability testing.

Division C - Exhibitors 14 years and older

5525 Rocket made from kit. Include plans.
5526 Rocket designed by exhibitor: not merely a modification of an existing kit. Include original plans.
5527 Rocket designed by exhibitor: that uses alternative skins; not merely a modification of an existing kit. Include original plans.
5539 Scale Model Rocket made from kit. Include plans.
5540 Scale Model Rocket designed by the exhibitor: not merely a modification of an existing kit. Include original plans and stability testing.

Division D - Exhibitors 11 years and older

This class is designed to encourage teamwork among individuals and clubs to work on a rocket from the initial design to the finished product.

5530 Rocket designed by 2 or more exhibitors: not merely a modification of an existing kit. Include original plans.

Mid-power Rocketry (2x’D’ to ‘G’ Engines) Guidelines:

Purpose: To allow for improved safety and judging of rockets that meet the requirements of 4-H mid-power rockets.

1. Exhibitors must be at least 14 years of age by January 1 of the current year.
2. The rules for ALL categories apply.
3. In addition to the information packet completed for all rockets, a high/mid power information form is to be completed and placed inside of the information packet. This may be downloaded from http://www.kansas4-H.org/. Click on KSF Packet link.
4. Exhibitors in this division must hold memberships in either NAR or Tripoli organizations.
5. The NAR Model Rocket Safety Code applies to the construction and launching of all rockets displayed in this division. As such all exhibitors must comply with the NAR Model Rocket Safety Code that is in effect as of October 1st of the current year. However in the event that there is a modification in this code the STEM Action Team may review and implement the modified code.
6. All rockets in this division are to be launched under adult supervision by the 4-H member who constructed the rocket.
7. High power rockets as defined above (‘H’ or ‘I’ engines) may not be launched in this division.
8. If according to Federal Aviation Regulations Part 101, a waiver is required to fly the rocket, a copy of that waiver is to be attached to the High Power Information Form. In the case where the launch was a public event a substitute to a copy of the waiver is the Range Safety Officers (RSO’s) contact information.
9. Mid- Power rockets may be displayed without a supporting stand. If a supporting stand is used, it is not to exceed 4-1/4” (four and one-quarter inch) thick and 8” square. The exhibitor’s name, county or district, and age must be labeled on the base.

- 5001 Educational Poster
- 5002 Educational Display

Engraved Plaque

- Superintendents: Crystal Carson
- Junior Superintendent: Gavin Carson

Pre-Entry is required by July 3 at MIDNIGHT using Fair Entry (www.fairentry.com).

All educational exhibits must be present at the time of the judging.
E. Model Rocketry Specific Guidelines (ages 9 and up):

Purpose: Model rockets are generally small-to-medium sized rockets that can be purchased at hobby stores that an individual(s) builds from parts similar to those found in model rocket kits.

1. Rockets classified as high or mid powered may not be entered in this category.
2. Each rocket must be able to stand freely by itself or be supported by a solid base, not to exceed 4-1/4” (four and one quarter inch) thick and 8” square. The exhibitor’s name, county or district, and age must be labeled on the top of the base. Rod materials should be sturdy, and not made of flimsy materials such as coat hangers.
3. If the model rocket is greater than 4 feet tall it can be displayed without a base, or displayed parallel to the ground with up to 3 notched blocks not to exceed 4” in height width and depth. The exhibitor’s name, county or district, and age must be labeled on the base(s).
4. All exhibitors must comply with the NAR Model Rocket Safety Code that is in effect as of October 1st of the current 4-H year. However in the event that there is a modification in this code, the STEM Action Team may review and implement the modified code.

F. Original Design Specific Rocket Guidelines (ages 11 and up):

Purpose: To allow for youth to develop their own rockets (model mid and high powered) in a safe manner that displays maximum craftsmanship.

1. Original design rockets cannot be a modification of a pre-existing kit and must be of original design.
2. Original design rockets must be designed by the exhibitor(s).
3. Original design rockets must include detailed instructions, so that someone could construct the original designed rocket just like a kit purchased at a store. Instructions can be as many pages as needed to convey full and complete construction techniques.
4. Original design rocket instructions should not include copies of instructions in part or in whole from existing kits.
5. For a rocket entered in the original design classes, describe in the summary how the rocket was tested for stability prior to flying. Swing testing of the rocket is required. Other tests and calculations are encouraged. Exhibitors must include documentation of the swing test. Failure to include documentation may result in a disqualification.
6. If the model rocket is greater than 4 feet tall it can be displayed without a base, or displayed parallel to the ground with up to 3 notched blocks not to exceed 4” in height width and depth. The exhibitor’s name, county or district, and age must be labeled on the base(s).

*As defined by the National Association of Rocketry (NAR), a scale model is “any model rocket that is a true scale model of an existing or historical guided missile, rocket vehicle, or space vehicle.” The intent of scale modeling is, according to the NAR, “to produce an accurate, flying replica of a real rocket vehicle that exhibits maximum craftsmanship in construction, finish, and flight performance.” (NAR “Pin Book” 50.1.4-1)
D. Construction Rule for All Rockets

1. Rockets are to be properly assembled according to the assembly instructions.
2. Beginner kits with prefabricated fin assemblies and pre-finished rockets requiring no painting are not acceptable, and will be disqualified.
3. Plastic snap together fins and prefabricated fin assemblies that do not require fin alignment are not acceptable, and will be disqualified.
   - A. This rule does not apply to plastic fins that must be manually aligned and do not utilize a fin alignment mechanism, including, but not limited to fin alignment rings or spacing blocks.
   - B. This rule does not apply to fiberglass, Kevlar, extruded foam, composite, or wood fins; especially when used for “through-the-wall” fin attachment techniques that are common in larger rockets.
4. In addition, plastic parts for decorative and mechanical purposes (i.e. decorative nozzles and moving landing struts) are not considered fins and can consist of plastic. Decorative nozzles, etc. need to be securely fastened and not pose a safety hazard.
5. Fin assemblies that are printed using a 3D printer are excluded from this rule. Thorough detailed instructions on the creation of the fin assemblies must be provided and an additional page of photos may be included to show the creation/printing of fin assemblies.
6. Angles of fins must fall within a plus or minus 2 degree variation using an approved fin alignment guide (such as KSSSTAC10). An official fin guide is available from www.KansasSpaceTech.com.
7. Fins should be rounded or streamlined according to instructions. If the other edges are rounded to reduce drag on all exposed sides, there should be no ribbon deduction, unless instructions indicate to leave flat.
8. Fins and body tubes are to be sealed with sanding sealer and/or primer to eliminate the appearance of body grooves and wood grain.
9. Any seams on plastic parts are to be sanded smooth.
10. Body tubes/airframes/engine mounts can be made from suitable materials, including, but not limited to: reinforced paper, cardboard, phenolic resin, specialized polymer resins, fiberglass, Kevlar, or other suitable structural materials. However, foam may not be used for external body or other external rocket parts.
11. The nose cone is to fit snugly but still allow for easy removal.
12. Exhibits must be uniformly painted and smoothly finished or finished as per rocket instructions, and have decals applied smoothly.
13. Non-standard surfacing (such as textured paint) may be used if directed by the instructions, this includes scratch built rockets.
14. Models may not be judged based on their paint scheme (colors and placement on the rocket), with the exception of rockets that fit the definition of a “scale model.” All other rockets do not have to follow the suggested paint scheme, allowing the 4-Her to display maximum creativity in the finishing of their rocket. Under no circumstances is the weight given to the paint scheme to be sufficient enough, by itself, to move a non-scale model from one ribbon placing to another.
15. “Scale models” may be judged based on their paint scheme. The judge may deduct up to one ribbon placing for not following the paint scheme.
16. Scale Model Rockets are to be finished and completed with a majority (greater than 70%) of decals.
17. If a modification is made to the rocket, for example, adding a fin, a swing test must be conducted on the rocket and the documentation provided. Failure to test and document flight stability following modifications will result in two ribbon placing deductions.
SHOWMANSHIP

-To be judged on alertness, grace and ease, coordination with dog and reaction of dog to handler with straight and even gait and movement of dog. In addition, entries will be judged on fitting of the dog: clean and well brushed, tone and condition of coat, healthy appearance, teeth, toenails, and eyes. Dog’s coat condition will be judged also.
- Pee Wee class is not eligible for State Fair. All members, ages 9-18 years of age, with a blue or purple ribbon can compete in the State 4-H Dog Show. Showmanship is based on 100 points, with 95-100 for Purple; 90-94.5 for Blue; 80-89.5 for Red; and 79.5 & less for White.

Class:
- 3599 Pre Wee Showmanship (7-8 years old)
- 3600 Junior Showmanship (9-11 years old)
- 3602 Intermediate Showmanship (12-14 years old)
- 3605 Senior Showmanship (15 years old & older)

SHOWMANSHIP

- All Pre-Novice exercises are “shown on leash”. All exercises are same for Pre-Novice A, B, and C. (Heel, figure 8, stand for exam, recall, one minute sit, and 3 minutes down)
- Members can enter only one dog per class.
- Pre-Novice classes are not eligible for State Fair.
- All members, ages 9-18 years of age, with a qualifying score of at least 170 points can compete in the State 4-H Dog Show. Once the member scores 170 points or greater with the same dog under two different judges, the member must advance to the next obedience level at the start of the next 4-H year. However, at any time that the leader, parent and member agree that the 4-H member and dog are ready to move to the next level, they may, but once that is done, they cannot regress back to a lower level.

Ribbon Groups: 190-200 for Purple; 170-189.5 for Blue; 150-169.5 for Red; and 149.5 or less for White.

Class:
- 3607 Pre-Novice A (First year handler and first year dog)
- 3608 Pre-Novice B (Second year handler with any dog)
- 3609 Pre-- Novice C (Experienced handler 3 years or more with any dog)
- 3610 Novice (Experienced Handler with any dog. Heel and figure 8 on leash. All other exercises off leash. Stand for exam, heel, recall, one minute sit, three minutes down)
- 3615 Graduate Novice: For those receiving a qualifying score in Novice in previous year. Heel on leash. Heel free and figure 8 off leash. Stand for exam off leash. Drop on recall. Three minute sit, handler out of sight. Five minute down, handler out of sight.

AGILITY TRAIL

- Her must must exhibit in an Obedience class in order to compete in the Agility Trial.
- Dogs must be at least 6 months old before competing. However, to compete at the Kansas State Fair, the dog must be 12 months.
- All members, ages 9-18 years of age, with a blue or purple ribbon can compete in the State 4-H Dog Show. Ribbon Groups: 190-200 for Purple; 170-189.5 for Blue; 150-169.5 for Red; and 149.5 or less for White.

Class:
- 3640 Agility Trial - Height of dog at withers is less than 15"
- 3641 Agility Trial - Height of dog at withers is between 15" to 20"
- 3642 Agility Trial - Height of dog at withers is over 20"
- 3643 Agility Trial - All dogs of any height showing Off Leash
- 3644 Agility Trial 2– All dogs of any height-off leash

5. One or more photographs of the rocket during construction and at the launch site are required.
   A. Photographs showing the rocket at the moment of ignition are preferred.
   B. Photographs must be mounted on one side of 8 ½” x 11” page(s).
   C. There must be at least 1 page of photos and no more than 5 pages of photos.
   D. Include at least one photo showing rocket construction, preferably with the exhibitor included.
   E. Do not include photos of members catching their rockets as they return to earth. This is an unsafe practice, and we do not recommend or condone this practice.
   F. Pictures at the launch site are not required in the event of a burn ban.

6. To exhibit in this division:
   A. The rocket must have been flown, unless a burn ban is an effect.
   B. Support rods must not extend past the tip of the highest nosecone on the model.
   C. Support rods must remain in the upright position, 90 degrees to the display base, do not angle. If support rods are not perpendicular to the base, the judge should deduct two ribbon placings.
   D. No model may be submitted on a launch pad.

7. Launches should not be conducted in winds above 20 mph, and will constitute a disqualification of rocket exhibit.

8. All rockets must have a safe method of recovery, e.g., parachute, streamer or tumble recovery. Any rocket without a recovery system will be disqualified.

9. The altitude achieved by the rocket is to be determined using a method other than estimation. Examples of accepted methods include altimeter, computer software, range finders, etc. If additional space is needed to show calculations of how the altitude was achieved one additional page may be added to the rocketry information pack.

10. Flight damage is to be documented by the participant on either the construction plans or the 4-H STEM Rocket Exhibit Information Form.

11. The judging of flight damage is to be secondary to all other aspects of the model and only then may it even be considered. However under no circumstance may flight damage be grounds for disqualification.

12. Engines and igniters, under any circumstance, ARE NOT permitted with the exhibit and constitute an immediate disqualification.

13. If an engine becomes stuck, jammed, wedged, or in any other way permanently affixed in or to a rocket and cannot be removed from the rocket, the rocket will be subject to immediate disqualification. This is because it is not possible to make a full and immediate assessment of the safety of the rocket when it is being judged and safety is paramount.

14. Engines may not be used as display stands hollowed out or otherwise. This is a significant change from previous year’s rules. Engines used as a display stand will be subject to immediate disqualification.

15. Rocket engines should not be used to join multi-stage rockets together.
   A. Multi-stage rockets can be displayed without having the stages connected together. In that case the final stage (the one with the nose cone) should be placed on the display stand, and other stages with a loop of string to the display stand.
   B. The different stages must be included to complete the rocketry exhibit, incomplete exhibits will be deducted at least one ribbon placing.
   C. Use of any engines to join the stages together will be subject to immediate disqualification.

16. Multi-stage rockets can be flown using just the final stage and be considered fully flown.

17. If a safety violation is noted by the judges, superintendent, or other staff, the exhibitor’s rocket, at the judges’ discretion, will receive a participation ribbon. All information necessary will be given to the NAR and/ or TRIPOLI for investigation and possible revocation of membership.
4. For the purposes of Kansas 4-H STEM a high-powered rocket is defined as a rocket that meets any of the following criteria:
   A. Weighs more than 3.3125 pounds (53 ounces or 1500 grams) at the time of launch;
   B. Uses a ‘H’ engine or larger to launch
   C. The total impulse of all engines used in the rocket is greater than 160.01 Newton-seconds of thrust.
   D. Includes any airframes parts of ductile, metal, though, the use of ductile metal is strongly discouraged.
   E. Models powered by rocket motors not classified as model rocket motors per NFPA 1122, e.g.:
      i. Average thrust in excess of 80.01 Newtons
      ii. Contains in excess of 125 grams of propellant and are limited to only H and I motors.
      iii. Uses a hybrid motor or a motor designed to emit sparks

5. High power certification is defined as having successfully completed a certification program for high-powered rocketry through the NAR or Tripoli and maintaining that certification. This applies to all membership levels in the NAR or Tripoli. Specifically the “Formal Participation Procedure” for the “Junior HPR Level 1 Participation Program” as outlined by the NAR and the “Tripoli Mentoring Program (TMP)” as outlined by Tripoli.

6. NAR rules for launching and construction of all rockets are assumed to be used by all 4-H STEM exhibitors and will be considered during judging.

7. For the purposes of Kansas 4-H STEM, NO rocket may be launched using engines totaling more than an ‘I’ impulse engine or 640 Newton-seconds of total thrust.

C. Exhibit Rules for ALL rocketry categories:

   **Purpose:** These rules apply to how rockets are to be displayed at the fair and what those displays should and should not contain. These rules apply to all rockets displayed in the SpaceTech division.

   1. 4-H members must be currently enrolled in the 4-H STEM-Rocketry program to exhibit in this division.
   2. Each exhibitor may enter up to two rocket exhibits that have been constructed during the current year. If two rockets are entered, one rocket must be a "model rocket kit" or the second may be entered into any other applicable class. An exhibitor may not enter two rockets in the same class.
   3. The report that accompanies the rocket must be limited to the 4-H STEM Rocket Exhibit Information Form which is affixed to a 10” x 13” envelope. This envelope should NOT be attached to the rocket stand or rocket. The information should be signed by the exhibitor.

   4. Plans (or a photocopy) must be placed inside the envelope.
      A. This includes original design rockets.
      B. If a rocket kit has been modified structurally (Which must provide all necessary details to construct an original design rocket), notations need to be given indicating the changes made, either by notations on the Rocket Exhibit Information Form or by placing notes in the plans. Such modifications require the rocket to be swing tested and documented to show a stable flight.

EDUCATIONAL EXHIBITS

- Educational exhibits are NOT state fair eligible.

   3645: Educational Notebook (NO PRE-ENTRY REQUIRED)
   3646: Educational Display. Display must be standard tri-fold board & not exceed 3 ft. wide X 4 ft. tall X 3 1/2 inches deep when open and standing. No Pre-Entry is Required.
   3647: Informational Poster. Must be a flat poster no larger than 22 inches X 28 inches. No Pre-Entry is Required.

   **EDUCATIONAL DISPLAYS MUST BE PRESENT AT TIME OF JUDGING ON SATURDAY!**

AWARDS: Grand Champion and Reserve Champions will receive rosettes. Class Champions and Class Reserve Champions will receive ribbons.

ENERGY MANAGEMENT

Superintendent: Duane Andres

Through the Electric/Electronics or Small Engines, you will have the opportunity to educate others about what youth have learned through the project or to promote the benefits of participation in those project areas.

Special Rules:
1. Only those who have met the requirements of the electric, small engine or wind energy project are eligible to exhibit in this division.
2. An exhibitor may enter up to three items in this division, but only one article per class. Use the entry card to record all requested information and securely attach to exhibit.
3. Items that have been in use should be cleaned for exhibit.
PHASE 1: ELECTRICAL AND ELECTRONICS

AC Electric Projects. Electric projects with a 110 or 120 V alternating current (AC) power source.

- Examples include: household wiring demonstrations, small appliances extension cords, trouble lights, indoor or outdoor wiring boards, or shop lights. Projects may be a restoration or original construction.
- The project must be operational and meet minimum safety standards. No 240 exhibits allowed.
- Must be constructed such that judges have wiring access to examine the project.

DC Electric Projects. Electric projects with a battery or direct current power source. This class includes electric kits or original projects or demonstration DC powered projects. Examples include:
- wiring two or three way switches, difference between series/parallel lighting circuits or wiring doorbell switches. All DC electric projects must work with batteries supplied by 4-H. Projects must be constructed such that the judge has access to examine the quality of workmanship.

Electronics Projects. Electronic projects with a battery or direct current power source. This class includes electronic kits or original projects. Examples include: radios, telephones, toy robots, light meters, security systems, etc. May be constructed using printed circuit board, wire wrap, or breadboard techniques. Include instruction/assembly manual if from a kit. Include plans if an original project. Projects must be constructed such that the judge has access to examine the quality of workmanship.

Educational Displays and Exhibits. The purpose of the educational display & exhibit is to educate the viewer about a specific area of the 4-H electrical or electronics project. The display or exhibitor should illustrate one basic idea. This class includes any educational displays, exhibits or science fair type projects which DO NOT have a power source, i.e. exhibits, posters or displays of wire types, conduit types, electrical safety, tool or motor parts identification or electrical terminology. Educational displays & exhibits must be legible from a distance of 4 feet, using a maximum trim-fold size of 3 ft. x 4 ft.

PHASE 2: SMALL ENGINES

All exhibits should involve engines smaller than 20 horsepower for classes 4610-4612. Displays are limited to 4' wide and 4' deep both upright and floor displays.

Display- Exhibit a display, selecting one of the following options: 1) a display identifying different engine or lawn and garden equipment parts or a display showing the function of the various engine or lawn and garden equipment parts; or 2) a display identifying and explaining the function(s) of different special tools needed for small engine work; or 3) a display illustrating and providing the results of any one of experiments that are included in the project books. No complete engines, lawn tractors, tillers, chainsaws are permitted or display. Maximum trim-fold size is 3' x 4'.

Maintenance- Exhibit a display that illustrates either 1) Routine maintenance procedures or 2) Diagnosing and trouble shooting specific problems in an engine. No complete engines, lawn tractors, tillers, chainsaws, etc. are permitted for display, using a maximum trim-fold size of 3’ x 4’.

Operation- Exhibit an operable small engine (no more than 20 HP) overhaul or rebuilt by the member. Include maintenance schedule for the engine and a brief description of steps taken by the member overhauling or rebuilding the engine. Maximum trim-fold size is 3’ x 4’. Engine should contain no fuel in tank or carburetor.

Senior Division Ages 14 and Up

5513 Robot made from a commercial (purchased) kit. No programming just assembly.
5514 Robot designed by exhibitor. The robot must not be a mere modification of an existing robot kit or plan.
5515 Programmable robot made from a commercial (purchased) kit.
5545 Junk Drawer Robotics
5547 Robot designed and constructed by exhibitor or from a commercial kit, that is operated by a remote controlled device.

Team Robotics Project

5517 Robot designed and constructed by two or more 4-H SpaceTech project members. The robot must not be a mere modification of an existing robot kit or plan. The robot may be a programmable type that is made from a commercial (purchased) kit. This division is designed to encourage teamwork and cooperation among fellow 4-H SpaceTech members. As with many high tech projects today, no one person designs and builds a robot alone. It takes the brainstorming, planning, problem solving, and cooperation of an entire team to complete a given robotics project.

ROCKETRY

The Kansas 4-H STEM Rocketry program is designed to allow 4-H members to explore aerospace through rockets of various sizes. Kansas 4-H has adopted the National Association of Rocketry’s rules, regulations, and safety guidelines.

A. Exhibit Information for ALL rocketry categories:
1. All revisions of all forms previously released for the STEM division either undated or dated prior to current year are void for use and new forms must be obtained and used that are dated by the State 4-H Office for the current year. Use of old forms will result in the loss of one ribbon placing for exhibits.
2. Relevant documents may be obtained from County Extension Offices or from www.STEM4KS.com.
3. NAR refers to the National Association of Rocketry and its governing board.
4. Tripoli refers to the Tripoli Rocketry Association and governing board.
5. All NAR documents, with the exception of the “pink book,” referenced herein can be found at http://www.nar.org.
6. If a fire burn ban is in effect for any county in Kansas, exhibitors in any Kansas County are not required to launch their rocket(s). All requirements for the launching of rockets for the state fair and the documenting of the launching are suspended for the duration of the ban.
7. See the last section for full details about exhibiting posters, display boards and notebooks.

B. Exhibit Definitions for ALL rocketry categories:
1. As defined by the National Association of Rocketry (NAR), a scale model is “any model rocket that is a true scale model of an existing or historical guided missile, rocket vehicle, or space vehicle.” The intent of scale modeling is, according to the NAR, “to produce an accurate, flying replica of a real rocket vehicle that exhibits maximum craftsmanship in construction, finish, and flight performance.” (NAR “Pink Book” 50.1-4-1)
2. Adult supervision is defined as being under the direct supervision of someone 18 years of age or older.
3. For the purposes of Kansas 4-H STEM a mid-powered rocket is defined as a rocket that uses an “E,” “F,” “G,” or equivalent engine for launch. In addition, rockets also qualify for mid power if they meet any of the following criteria:
   A. Is 2 inches or greater in diameter (not including fins) and taller than 3 feet (36 inches including fins) and do not use an engine(s) exceeding 160.01 Newton seconds of total impulse (an ‘H’ engine equivalent or above).
   B. The total impulse of all engines used in the rocket is greater than 20.01 Newton-
12. The exhibit must include written instructions for operation (the instructions should be written as if they were to tell a grandparent or elderly person how to operate the robot), construction plans, and one to three pages of project photographs. In addition a 5 minute video presentation placed on a CD, DVD, USB drive, or similar removable storage device, if applicable. For robots that can be programmed, robot programming information must be included, this information should be placed inside the 10” x 13” manila envelope mentioned above. Robot programming information can be, but not limited to, source code, block diagrams, screen captures of the coding window and other images that show the programming logic used. The exhibitor may enter their electronic project listed under the energy management program if the exhibitor so chooses. No exhibitor will be allowed to set up their robot in person.

13. In the event that the robot uses a device like a phone, iPad, or tablet for programming AND operation, DO NOT include the device (phone, tablet, etc.). The device’s safety cannot be insured. Instead record a video demonstrating the instructions included for your robot. It should show, setting up the robot, starting the robot, the robot executing its task, and powering off the robot, just like the instructions are written.

14. For the State Fair, each exhibit MUST include a video of the youth following their instructions for operation. This allows judges to get a better understanding of the exhibit and allows the youth the opportunity to fully demonstrate their exhibit. The video should be no longer than 8 minutes and should be placed on the CD, DVD, USB drive or similar. Adult guardians must complete the video release included with the exhibit form. THIS IS WAIVED AT THE COUNTY FAIR DUE TO CONSULTATION JUDGING.

15. Creativity, workmanship, and functionality will be strong criteria in judging the “Robot designed by Exhibitor” classes. All robots should have a purpose or intended function, examples include, but are not limited to: following a line, sweeping the floor, solving a rubix cube, sorting colors, or climbing stairs.

16. Exhibitor’s name(s) and county or district must be tagged or labeled in a prominent location on the robot, educational display, notebook and/or poster board. Sources of scientific information must be cited on the front of your exhibits, including all posters.

17. There are no county or district boundaries that must be adhered to in order to form a Kansas 4-H STEM Robotics team. However, as mentioned in #1, each team member must be currently enrolled in the Kansas 4-H STEM project.

18. See the last section for full details about exhibiting posters, display boards and notebooks.

   **Novice Division Ages 7-8**

   5505 Robot made from a commercial (purchased) kit.

   5506 Robot designed and constructed by exhibitor. The robot must not be a mere modification of an existing robot kit or plan.

   5507 Programmable robot made from a commercial (purchased) kit.

   5519 Robot designed and constructed by exhibitor or from a commercial kit, that is operated by a remote controlled device

   5543 Junk Drawer Robotics-based curriculum robot

   **Intermediate Division: Ages 9-13**

   5509 Robot made from a commercial (purchased) kit. No programming just assembly.

   5510 Robot designed by exhibitor. The robot must not be a mere modification of an existing robot kit or plan.

   5511 Programmable robot made from a commercial (purchased) kit.

   5544 Junk Drawer Robotics

   5546 Robot designed and constructed by exhibitor or from a commercial kit, that is operated by a remote controlled device.

PHASE 3: ALTERNATIVE ENERGY (a form of energy derived from a natural source such as the sun, geothermal, wind, tides or waves).

**All exhibits in this division are limited in size to standard, tri-fold display boards (36”x48”) and items may not extend beyond 12” from the back board. All displays must be self standing.**

4620 Educational Display—Create an exhibit that addresses a focused topic related to power generated from a renewable energy source. The purpose of the exhibit is to inform and create awareness.

4621 Experiment– Display an experiment addressing a problem or question related to power generated from a renewable energy source. Include hypothesis, background research, variables, a control, data, findings, conclusions and recommendations for future study.

AWARDS: Grand Champion & Reserve Champion will receive rosettes.

**ENTOMOLOGY**

Superintendent: Duane Andres Junior Superintendent:

A 4-H member may exhibit in the ENTOMOLOGY COLLECTION, ENTOMOLOGY NOTEBOOK and/ or EDUCATIONAL DISPLAY classes in the Beginning, Intermediate or Advanced phase in which they enroll. Resources for exhibiting can be found on the Kansas 4-H Entomology project page.

**COLLECTION CLASSES**

1. All entries should be submitted in an 18 x 24 x 3.5 inch wooden display box with a clear plastic top (such as Plexiglas). Boxes can be handmade or purchased as long as they are of the correct size. Please visit the website listed above for box instructions and plans.

2. 4-Hers may choose to use one of two taxonomies:
   - A. As printed in “Insects in Kansas” book or
   - B. As printed on the “Insects in Kansas Book; 2016 Revised Taxonomy”, which follows www. bugguide.net.

Each exhibitor is required to identify each box with two (2) identification labels bearing exhibitor’s name, county or district, the collection class 4-Her is enrolled in and statement of taxonomy used. One label goes in the upper left corner of the box inside; the other on the lower right corner of the box (outside).

Arrange specimens in the box so the box can be displayed lengthwise.

3. The number of orders, specimens (and families where required) must be included on both of the exhibitor’s box identification labels. Only one adult insect per species can be used in the Collection Boxes and Notebook Classes, unless labeled as a male or female and correctly identified.

4. Arrangement of specimens: The preferred method is to arrange the insects in groups or rows parallel to the short sides of the box. Specimens are to be arranged by Order in the box, then Family where required.

5. Two labels will be centered on the pin beneath each specimen. First (closest to the specimen) is the common name label and the second label should include date/locality. Full county name and state abbreviation should be on the second label. Collector’s name (or host) on the date/locality label is optional.

6. The specimens should be collected by the exhibitor and should focus on Kansas insects. Insects may be collected from one county into bordering states and labeled accordingly. Please refer to “Entomology Collection Exhibit Resource” for full details on out-of-state insects in collections.

7. Only specimens of the class Insecta should be included.

8. Purchased insects are not to be exhibited in collections, but they may be used in educational displays.

9. Specimens of soft bodied insects such as aphids, lice, termites etc. should be exhibited in alcohol filled vials; however, the use of alcohol filled vials should be limited to only those specimens that lose their shape when pinned, since the vials pose a significant hazard to the rest of the collection if they become loose in transit.

**4900- BEGINNING I ENTOMOLOGY COLLECTION**

Display in one standard box a minimum of 50 and maximum of 125 species representing at least 7 orders. Follow these guidelines for collections. Members can exhibit in this class a maximum of 3 years, or until they receive a purple ribbon at the Kansas State Fair, whichever comes first and then they are moved up a division.
4902- BEGINNING ENTOMOLOGY COLLECTION

Display in one standard box a minimum of 75 and a maximum of 150 species representing at least 9 orders. Follow the general guidelines listed for Collections. Members can exhibit in this class a maximum of 3 years, or until they receive a purple ribbon at the Kansas State Fair, whichever comes first. And then they are moved up in a division.

4903- INTERMEDIATE ENTOMOLOGY COLLECTION

Display a minimum of 100 and a maximum of 300 species representing at least 10 orders. Two standard boxes can insects in any two of the following six orders: (Only two will be counted for judging)
A) “Insects in Kansas” book – Orthoptera, Hemiptera, Hymenoptera, Coleoptera, Hymenoptera, and/or Diptera or
B) “Insects in Kansas Book: 2016 Revised Taxonomy”, which follows www.bugguide.net - Odonata, Orthoptera, Hemiptera, Coleoptera, Hymenoptera, and/or Diptera

On a piece of paper list what you did to improve your collection during the current year. Members can exhibit in this class a maximum of 3 years. A 4-H’er will moved up if they receive a purple ribbon at the Kansas State Fair.

4905 - ADVANCED ENTOMOLOGY COLLECTION

Display a minimum of 150 and a maximum of 450 species representing at least 12 orders. Three standard boxes can be used. Follow the general guidelines listed for Collections. Family identification is required for all insects belonging to the six basic orders as outlined under the Intermediate phase. Only families in the above six orders will be counted for judging. Family identification of insects in the remaining orders is optional, but desirable as long as accuracy is maintained. On a piece of paper list what you did to improve your collection during the current year. Examples: what insects did you add or replace; what orders and/or families you added; what leadership provided in this project; and/or what insects you have studied. Attach paper to the back of one of the display boxes. Members may continue to exhibit in this class at the Kansas State Fair for an unrestricted number of years as long as they remain eligible for 4-H membership.

NOTEBOOK CLASSES

1. Individual entries are to be placed for display in a three-ring notebook for competition.
2. 4-H’ers may choose to use one of two taxonomies:
   A) As printed in “Insects in Kansas” book or,
   B) As printed on the “Insects in Kansas Book: 2016 Revised Taxonomy,” which follows www.bugguide.net

3. 4-H’ers who have been previously enrolled in or are currently enrolled in the other phases of the Entomology project need to start with the Beginning Phase of Entomology Notebooks, not the Introductory Phase.
4. Each exhibitor is required to identify the notebook by placing a Title Page in the front of the notebook bearing the exhibitor’s name, county or district and class. 4-H’er’s enrolled in and stated taxonomy used:
   A) “Insects in Kansas” book or
   B) “Insects in Kansas Book: 2016 Revised Taxonomy”, which follows www.bugguide.net. The number of orders, specimens and families (required in Intermediate and Advanced classes) must also be included on the Title Page.
5. Specimen pages should be grouped according to order and should include one page per species. If more than one insect is in the photo, an arrow to indicate identified insect should be used.
6. Date, common name, full county name, state abbreviation and collector name should be included for each species. Collector’s name on the specimen page is optional.
7. Specimen pages should have two different views of the insect if possible. If pictures are taken on different dates/localities, include information for both.
8. A statement describing the habitat where found/host plant may be included and is encouraged and will be worth a bonus 10 points total, not per page. For Intermediate and Advanced notebooks, this is strongly encouraged.
9. A divider page is to be placed in front of each order of insects with the order name printed on the tab for the page and also on the front of the divider page.

Division – Computer Systems

5590 Computer program, application, app, script, or coded system that is new and unique (not merely a file run in a program, such as a ‘word document’ or a picture drawn in ‘Microsoft Paint.’)

5591 Computer presentation (power point, web page/site, animated graphics, etc.)

5592 Single computer system (web server, database server, etc.)

5593 Networked system consisting of two or more computers

5594 Chip System - a small (4.8"x4.8"x4.8") programmed physical device that accomplishes a specific task.

ROBOTICS

1. 4-H members must be currently enrolled in the Kansas 4-H STEM Robotics project to exhibit in this division.
2. Each exhibitor may enter one robot per class. Exhibit must have been constructed and/or completed during the current 4-H year
3. Each robot must be free-standing, without the need for additional supports in order to be moved or exhibited. Each exhibit must include a robot, information packets are not a sufficient exhibit.
4. Robots must have automated articulated structures (arms, wheels, grippers, etc.). Game consoles that display on a screen are not considered robots and should either be entered in computer systems division or energy management project. Robots requiring no assembly, just programming, such as Ozobots, are considered computer systems projects as the skill is focused on the programming not on the construction of the robot.
5. Robot dimensions should not exceed 2 feet high, by 2 feet wide, by 2 feet deep. Weight may not exceed 15 pounds. If displayed in a case (not required or encouraged for the state fair, but strongly encouraged for county fairs) the outside case dimensions may not be more than 26 inches in height, width, or depth.
6. Materials including but not limited to obstacles, spare batteries, and mats for testing the robot may be placed in a separate container, which is not included in the robots dimensions, that container may not be larger than 576 cubic inches as measured along the outside of the container. (Examples: 4"x4"x36" or 4"x8"x18" or 6"x6"x16") The container, if used, and/or any large objects (such as mats or obstacles) should be labeled with the exhibitors name(s) and county or district.
7. All electric components of the robot must be adequately covered or concealed with a protective enclosure. Paper is NOT considered an adequate enclosure or covering for electrical components.
8. Robots may be powered by an electrical, battery, water, air or solar source only. Junk drawer robots may be powered by a non-traditional power source. Robots powered by fossil fuels/flammable liquids will be disqualified. Robots that include weaponry of any kind will be disqualified. Weaponry is defined as any instrument, possession or creation, physical and/or electrical that could be used to inflict damage and/or harm to individuals, animal life, and/or property.
9. Remote controlled robots are allowed under certain conditions provided that the robot is not drivable. Robotic arms (hydraulic or electric) are allowed. A remoted is allowed provided more than a single action happens when a single button is pressed on the remote, for example “a motor spins for 3 seconds, at which point an actuator is triggered, then the motor spins for 3 more seconds.” Remote controlled cars, boats, planes and/or action figures, etc. are not allowed.
10. Each robot must be free to operate during competition. The judges will operate each robot to evaluate its workmanship and its ability to complete the required tasks for this current 4-H year. In the event the robot uses a phone, tablet, or similar device for programming AND control of the robot a video will be used to evaluate the working condition of the robot.
11. Each exhibitor is required to complete the “4-H STEM Robotics Exhibit Information Form” which is available through your local K-State Research and Extension office. Or at www.STEM4KS.com This form must be attached to the outside of a 10" x 13" manila envelope. All revisions of all forms previously released for the STEM division either undated or dated prior to current year are void for use and new forms must be obtained and used that are dated by the State 4-H Office for the current year. Use of old forms should result in the loss of one ribbon placing for exhibits.
For exhibits that are entered on USB drives, at least one (1) graphic, (picture, screen shot/capture, slide, etc.) of the project must be printed out on an 8.5" X 11" sheet of standard computer paper, placed in a plastic sheet protector, to allow for proper display and recognition at the Kansas State Fair. On the back side of the graphic the 4-H'er's name, county/district, and club should be listed.

D. Instructions to run any part of the exhibit on the USB drive. (There should be at least three (3) items in your manila envelope: USB drive, graphic and instructions).

E. Each exhibit must be accompanied by a “4-H Engineer's Journal.” The engineer's journal should be typed. It can either be included electronically on the USB drive (preferred) or printed and placed in the manila envelope.

F. The “4-H Engineer's Journal” should contain at least one graphic.

G. The “4-H Engineer's Journal” must be at least 3 pages in length.

H. An example of a “4-H Engineer's Journal” can be found at www.STEM4KS.com.

I. The “4-H Engineer's Journal” will comprise 50% of the overall exhibit score. Failure to include a ‘4-H Engineer's Journal” will result in the exhibit being disqualified.

J. If the exhibit is a program, application, app, web site, or requires any coding, the source code must be included on the USB drive. Failure to include a copy of the “source code” may result in up to one ribbon placed deduction.

K. Diagrams or decision trees showing the logical flow of the system must be included on the USB drive for all exhibits.

L. A set of instructions must be provided to run the computer system/application. These instructions should be printed off and included in the exhibit package and a copy should be included on the USB drive.

M. FOR COUNTY FAIRS it is recommended that 4-Hers bring a computer that will run their project to the fair for judging as judges typically do not bring computers with them. Operating instructions are still required.

N. Instructions should be written as though you were helping a less techy person, (like a grandparent) use the USB drive with a computer similar to what is described in rule 9 below. An example of instructions can be found at www.STEM4KS.com.

O. Each exhibit must accomplish a specific automated task using a computer, chip system or virtual machine (VM).

P. Kansas 4-H STEM has made available Linux Virtual Machines (VMs) that can be downloaded and used to create projects on such as web servers, networking, and many other projects. For more information on how these VMs can be leveraged or to download them visit www.STEM4KS.com. 4-Hers can be leveraged or to download them visit www.STEM4KS.com.

Q. Insects are also to be grouped by family behind each order in the notebook.

R. The exhibit may be, but isn't limited to original works digital presentations (must provide printed hardcopy or notebook classes above).

S. Pictures or still graphics created are not eligible for entry as a project in this division, and should be entered in the appropriate photography division.

T. Judging will be based on a score sheet which can be found at www.STEM4KS.com. There are four (4) areas each exhibit will be judged on. They are:

A. 4-H Engineers Journal (what I learned to make it work), 50% overall score
B. Instructions (how I help others make it work), 25% overall score
C. Functionality (does it work), 12% overall score
D. Diagrams (and code if applicable) (how I think it works), 13% overall score

4. If the exhibit is a wooden display box, it must be 18 x 24 x 3.5 inches with a clear plastic top (such as plexiglass) and displayed horizontally. If the exhibit is a poster, it must not be larger than 22"x28". If the exhibit is a display, maximum size is not to exceed a standard commercial 3x4 tri-fold display board.

5. Name and count/district must clearly be marked on educational exhibits.

4907 - INTRODUCTORY ENTOMOLOGY NOTEBOOK
Display a minimum of 20 and a maximum of 60 insect species representing at least 7 different orders. Follow the general guidelines listed for Notebooks, including the Special Project. A 4-H member must be of minimum age to complete at the Kansas State Fair. A 4-H member may exhibit in this class for a maximum of two years.

4908 - BEGINNING II ENTOMOLOGY NOTEBOOK
Display a minimum of 20 and a maximum of 60 insect species representing at least 7 different orders. Follow the general guidelines listed for all Notebooks, including the Special Project. Members can exhibit in this class a maximum of 3 years or until they receive a purple ribbon at the Kansas State Fair, whichever comes first.

4909 - INTERMEDIATE ENTOMOLOGY NOTEBOOK
Display a minimum of 60 and a maximum of 100 insect species representing at least 9 orders. Follow the general guidelines listed for all Notebooks, including the Special Project. In addition, family identification is required for all insects in any two of the following six orders: (Only two will be counted for judging)

A) “Insects in Kansas” book – Orthoptera, Hemiptera, Homoptera, Coleoptera, Hymenoptera, and/or Diptera or
B) “Insects in Kansas Book: 2016 Revised Taxonomy” which follows www.bugguide.net - Odonata, Orthoptera, Hemiptera, Homoptera, Coleoptera, Hymenoptera, and/or Diptera.

A 4-H'er may exhibit in this class for a maximum of three years. A 4-H'er may move up if they receive a purple ribbon.

4910- ADVANCED ENTOMOLOGY NOTEBOOK
Display a minimum of 100 and a maximum of 200 species representing at least 12 orders. Follow the general rules listed for Notebooks, including the Special Project. Follow the general guidelines listed for notebooks. Family identification is required for all insects belonging to the six basic orders as outlined under the Intermediate phase. Only families in the above six orders will be counted for judging. Family identification of insects in the remaining orders is optional, but desirable as long as accuracy is maintained. Members may continue to exhibit in this class for an unrestricted number of years as long as they remain eligible for 4-H membership.

EDUCATIONAL DISPLAYS
1. Share with others what you learned in this project Exhibit any activity or learning experience related to the field of entomology or the Teaching with Insects curriculum that does not fit into Entomology Collection or notebook classes above.

2. Follow copyright laws as explained in General Rules.

3. The exhibit may be, but isn’t limited to original works digital presentations (must provide printed hardcopy for exhibit purposes for duration of the fair), programs, websites, games, apps, display box, notebook, display or poster which you have made.

4. If the exhibit is a wooden display box, it must be 18 x 24 x 3.5 inches with a clear plastic top (such as plexiglass) and displayed horizontally. If the exhibit is a poster, it must not be larger than 22"x28". If the exhibit is a display, maximum size is not to exceed a standard commercial 3x4 tri-fold display board.

5. Name and count/district must clearly be marked on educational exhibits.
4902 BEGINNING EDUCATIONAL EXHIBIT
Class for individuals that are exhibiting in the Beginning I and II Collection or Beginning Notebook Classes. If only exhibiting in this category, then ages 7-12.

4904 INTERMEDIATE EDUCATIONAL EXHIBIT
Class for individuals that are exhibiting in the Intermediate Collection or Intermediate Notebook Classes. If only exhibiting in this category, 11-14.

4906 ADVANCED EDUCATIONAL EXHIBIT
Class for individuals that are exhibiting in the Advanced Collection or Advanced Notebook Classes. If only exhibiting in this category, then ages 13 or older.

4902 - BEGINNING EDUCATIONAL DISPLAY
Class for individuals that are exhibiting in the Beginning I and II Collection or Beginning Notebook Classes. If only exhibiting in this category, then ages 9-12. Follow the general rules listed for the Educational Displays.

4904 - INTERMEDIATE EDUCATIONAL DISPLAY
Class for individuals that are exhibiting in the Intermediate Collection or Intermediate Notebook Classes. If only exhibiting in this category, then ages 11-14. Follow the general rules listed for the Educational Displays.

4906 - ADVANCED EDUCATIONAL DISPLAY
Class for individuals that are exhibiting in the Advanced Collection or Advanced Notebook Classes. If only exhibiting in this category, then ages 13 or older. Follow the general rules listed for the Educational displays.

Computers
The Kansas 4-H STEM Computer Systems portion of the computer project is designed to allow 4-H members to explore how information is moved from one part of the computer to the other; how information is moved between two or more computer systems (networking); how information is stored; or how information is acted on (programming).

Any item which IS NOT a notebook, display board, or poster displayed in this class is considered a “computer system” exhibit and MUST follow the rules set forth below.

1. Any item which is NOT a notebook, display board, or poster displayed in this class is considered a “computer system” exhibit and MUST follow the rules set forth below.
2. The 4-H computer project teaches concepts related to computers, hardware knowledge, software programming and applications, internet safety, the building, maintenance and repair of computers and future career opportunities. Please note that the actual construction of computer hardware (i.e., building a computer, electronic devices with a motherboard-based manipulation) will remain in the Energy Management division.
3. The 4-H members must be currently enrolled in the 4-H STEM-Computers project to exhibit in this division.
4. Each exhibitor may enter one exhibit per class. Exhibit must have been completed during the current 4-H year.
5. Exhibitor's name, county or district, 4-H age, and years(s) in project must be tagged or labeled in a prominent location on the exhibit, educational display, notebook, and/or poster.
6. See the last section for full details about exhibiting posters, display boards and notebooks.
7. If the notebook illustrates the creation, talks about, or shows the result of an app, application, executable, program, or other compiled /interpreted “source code,” a copy of the source code should be included. (In other words if you created an app for a smart phone and you're illustrating that app, you should include the code you used to build the app). Failure to include a copy of the “source code” may result in up to one ribbon place deduction.
8. If a safety violation is noted by the judges, superintendent, or agent, the exhibitor's exhibit, at the judge's discretion, will receive a participation ribbon.

For all computer system entries the following items are required as part of an exhibit packet:

- A manila envelope with the Computer Exhibit Form attached to the front, this form can be downloaded at www.STEM4KS.com.
- A USB drive into a computer and be able to run the exhibit as described below OR
- System-On-A-Chip (SOC) (such as Raspberry Pi) or a Micro-Controller (such as an Arduino or Ozobot) AND is a compact (less than 4”x4”x4” system, which can be programmed AND requires minimal assembly to operate (e.g. connecting power, display, and keyboard/mouse cables).
- A “chip system” through the rest of the rules.

9. Physical computers such as tablets, smart phones, laptops, or personal computers (PCs) will not be accepted as an exhibit.
10. “Chip systems” may use/include GPIO bread boards or HATs (Hardware Attached On Top) the size of which is not included in the size of the chip system, however the total size of the chip system and GPIO devices may not exceed 24”x24”x24” including any protective enclosures.
11. Any attached GPIO devices are not judged for electrical construction or quality as this division is focused on the operational aspects of the systems that have automated articulated structures (arms, wheels, grippers, etc.) which the exhibitor constructed, some of these systems can also be classified as a STEM robot, and the exhibitor must decide which division to exhibit in as the exhibit may not be entered in both divisions.
12. For chip systems, all electric components of the system must be adequately covered or concealed with protective enclosure. Paper is NOT considered an adequate enclosure or covering for the electrical components.
13. For all computer system entries the following items are required as part of an exhibit packet:
   A. A manila envelope with the Computer Exhibit Form attached to the front, this form can be downloaded at www.STEM4KS.com.
   B. A USB drive labeled with the 4-Hers name, county/district, and clubs in a way that does not prevent it from being plugged into a computer.

FASHION REVUE
Superintendent: Shilo King
Assistant/ Jr. Superintendent:

Special Rules:
1. See GENERAL RULES.
2. Participants must qualify to exhibit at the Morris County Fair.
3. Participants will compete in three divisions (age as of January 1 of the current year). 4-Hers who are ages 7-9 will participate in the Junior Division, 4-Hers who are ages 10-13 will participate in the Intermediate Division, and 4-Hers who are 14 and older will participate in the Senior Division.
4. Exhibitors may model up to three outfits. However, no more than two purchased outfits may be modeled (only one per class) and no more than two constructed outfits may be modeled. Purchased clothing may be selected by the 4-Her and constructed clothing must be constructed by the 4-Her.
5. A fashion revue entry form must be completed and returned to the Extension Office by July 3rd at 5 p.m. along with pre-entry using Fair Entry (www.fairentry.com).
6. A separate form is required for each entry. Intermediate and Senior divisions will complete cost per wear form.
7. Judging will take place at the Community Building.
8. Participants are required to participate in the Public Style Revue on Tuesday, July 23, 2019.
9. No live animals may accompany participant; exceptions include service animals.
10. Participant may model only what can be worn. Garments cannot be carried. Contestants should use good sense in choosing items that are appropriate to be modeled publicly.
11. ALL EDUCATIONAL EXHIBITS MUST BE PRESENT AT THE TIME OF THE JUDGING.

Special Rules - PURCHASED APPAREL
1. The majority of the outfit must be purchased (not borrowed) and modeled by the 4-Her or made by another individual for the 4-Her if the fabric and pattern were chosen by the 4-Her member.
2. Everything is commonly considered an outer garment must be purchased by the 4-H member or constructed by another person (vest, jacket, dress, skirt, pants, coat, etc.)
3. Participants under age 14 January 1 of the current year will compete in the Junior Division and participants age 14 and over will compete in the Senior Division.
4. The Champion & Reserve Champion of the Sr. Boys division and Sr. Girls division will represent Morris County at the State Fair. Exhibitor can only compete at State Fair with 1 outfit.
5. Participants can model one outfit in each of two classes (see #4 above). NO part of an outfit may be used for another class excluding accessories and footwear.

JUNIOR GIRLS DIVISION PURCHASED APPAREL

Class:
5000 Casual Apparel for play and sports
5001 Casual Apparel for school and community events

ASTRONOMY
1. The 4-H Member must be enrolled in the 4-H STEM– Astronomy project to exhibit in this division.
2. Each exhibitor may enter one exhibit per class. Exhibit must have been completed during the current 4-H year.
3. Telescopes entered in this division may be built from a kit or by original design. Pre-finished telescopes, which require no construction or painting are not acceptable exhibits.
4. Telescopes are limited to no more than six feet in length. They must be placed on a stationary stand that does not allow the telescope to roll and/or fall over. The stand cannot extend past two feet in length or width.
5. Each telescope exhibit must include a “4-H Astronomy Exhibit Information Form,” which is available through your local K-State Research and Extension office or at www.STEMKS.com. This form must be attached to the outside of 10” x 13” manila envelope. Do not tie the envelope to the exhibit. All revisions of forms previously released for the STEM division dated prior to current year are void for use. An additional form must be obtained and used that are dated by the Kansas State 4-H Office for the current year. You must also include construction plans (or a photocopy) for the telescope and place it inside the manila envelope. For notebooks, display boards, and posters, no additional exhibit information is required; no manila envelope is needed for these exhibits.
6. See the last section for full details about exhibiting posters, display boards and notebooks.
7. Two photographs showing telescope construction and operation are required. Photographs should be mounted on one side of an 8 1/2” x 11” page. A brief caption should accompany each photograph. Place photos in the 10” x 13” manila envelope.
8. The telescope must be properly assembled and painted with a smooth and uniform finish. Decals, if used, should be attached smooth and tight. If a safety violation is noted by the judges, superintendent, or agent, the exhibitor’s exhibit, at the judge’s discretion, will receive a participation ribbon.
9. If a safety violation is noted by the judges, superintendent, or agent, the exhibitor’s exhibit, at the judge’s discretion, will receive a participation ribbon.
10. Exhibitor’s name, county or district, age and year(s) in project must be tagged or labeled in a prominent location on the telescope stand, educational display, notebook and/or poster.
11. Additionally, exhibitors may create an optional video (not required) about their project showing its operation and the work they have done. This allows judges to get a better understanding of the exhibit and allows the you the opportunity to fully demonstrate their exhibit. The video should be no longer than 10 minutes and should be placed on a USB drive. These videos may also be considered for inclusion in a video loop on display in the STEM area.

For the county fair, the video element is not required due to consultation judging being used.

CONSTRUCTED APPAREL

Participants can model up to two outfits (see #4 under Special Rules). A Senior Division Champion and Reserve Champion will be chosen from entrants aged 14 or older on January 1st of the current year to represent Morris County at the State Fair. Majority of the outfit must be constructed and modeled by the 4-H member who made the garment/outfit. Everything which is commonly considered an outer garment must be constructed (vest, jacket, dress, skirt, pants, coat, etc.). A sweater, blouse or shirt that is worn underneath another constructed garment can be purchased or made.

SHOOTING SPORTS

Superintendent: Tim King
Jr. Superintendents:

The Shooting Sports project teaches gun safety, care and safety of shooting sports equipment, hunting practices, and provides an opportunity to test your skills. The fair classes are designed to provide an opportunity for youth to educate others about what they have learned through the project or to promote the benefits of participation.

Special Rules:
1. A member may make only one entry in this division
2. Junior Division is 7-13 years old and Senior Division is 14 years and older.
3. Exhibits in this division are open to educational displays. Follow copyright laws as explained in the General Rules as you are preparing your exhibit. Take care to select durable materials to withstand State Fair conditions. Entries will prominently incorporate the 4-H Clover with KSRE co-branding and should include the Kansas 4-H Shooting Sports emblem. Failure to do so will penalize entry one ribbon color. No card table exhibits are allowed.
4. The Educational Display: must be standard tri-fold board ONLY, must not exceed standard tri-fold 3 ft. wide by 4 ft. tall; no additional table space available for promotional brochures or display items; content not to exceed display board borders. Failure to follow size limitations will penalize entry one ribbon color.
5. Promotional Posters: must be flat no larger than 22" x 30"; content not to exceed display board borders; failure to follow size limitations will penalize entry one ribbon color. Posters will be displayed on wall.
6. Notebooks: no larger than 8.5 x 11.
7. THE EXHIBIT SIZE RULE WILL BE STRICTLY ENFORCED: Exhibits exceeding the size guidelines will be penalized one ribbon color.
8. Name, county or district, age and year in project should be on the front of the poster display or notebook.
9. Exhibitors MUST comply with State and Federal Laws and Kansas State Fair Management Policies. No "live" ammunition containing propellant or explosive powders may be used in any display! An inert substitution must be used in lieu of powder and "live" ammunition. The substitution must be clearly described on the back of the poster, display or notebook. Please remember that neither the Morris County Fair Association nor the department of 4-H Youth Development, Kansas State University Research and Extension are liable for the loss or damage of any personal property included as part of your display.
10. Exhibits will not be accepted if they are related to reloads.
12. National 4-H Shooting Sports Minimum Standards and Best Management Practices—Regarding simulate combat sports including but not limited to, paintballs guns, airsoft, laser guns, archery tag. Pointing any type of gun including paint ball guns, airsoft guns, laser guns, laser paint-ball, archery tag bows and arrows or sighting devices at any person or any humanoid shaped target is inappropriate at any 4-H program activity.
13. Kansas State Law—Kansas firearm laws regarding possession require that a person be at least 18 years of age. Minors under the age of 18 may possess firearms if under the supervision of a parent, legal guardian, or qualified instructor. A minor engaged in activities such as hunting, trapping, and competition shooting are allowed to possess firearms during the activities. This also includes the transportation of the firearm to and from the locations of such activities—including their related safety and instruction courses or classes—with the consideration that the firearm be unloaded and not in the immediate reach of the individual. Possession of firearms at the minor’s place of residence is also allowed, in so far that permission is granted by a parent or guardian. Kansas firearm laws place a strict focus on situations that involve people convicted of felonies and the involvement of firearms.

Class:
6200 Educational Display – Must be directly related to the 4-H Shooting Sports project. Display must be the standard tri-fold board and must not exceed 3 ft. wide X 4 ft. tall X ½ inches deep when open and standing. **FIBER ARTS**

Superintendent: Lizzy Buhler  
Jr. Superintendent:

**Special Rules**

1. Identification Label:
   (a) Type or print on 3” x 2 1/2” piece of cloth: class number, county or district, and exhibitor’s name. Labels are available in the Extension Office.
   (b) Sew or safety pin this ID label on the corner of flat article.
   (c) For garments, attach ID label to the front left shoulder seam, left side of waistband, as if you were wearing the garment. Label each piece.
1. A member may enter FIVE exhibits in each class.
2. When articles, which are normally worn as a pair are exhibited, both articles must be shown together. Fasten articles together securely with yarn.
3. Special consideration will be given to articles which are of original design. Such articles should have a note attached explaining the original design.

4. The exhibitor should attach an index card, no larger than 3" x 5", with the entry form to give the judge any information on what parts of the exhibit they made, processes used, or other information which the exhibitor thinks would be helpful to the judge. For all items please indicate if item was made from a kit. For all items please indicate fiber content and specifically if they are made of at least 90% wool. For quilted items indicate who did the quilting and binding.

5. Exhibitors are expected to be enrolled in the Fiber Art project in which they are entered. When the exhibit is a sewed garment that also includes one or more Fiber Art techniques (i.e. knitting, crochet, needle arts, or patchwork and quilting), the determination of what division (Clothing or Fiber Arts) and class in which to enter will be left with the 4-H participant.

6. All exhibits which need to be hung MUST have the appropriate hanger, rod, wire or other mechanism attached in order to be properly displayed. Judges will consider the Exhibitor's age & years in the project.

7. Receiving a purple will qualify the 4-Her for the State Fair.

Special Rules
1. No more than FIVE non-perishable food entries and ONE educational exhibit entry per 4-H member will be accepted. More than one entry may be made in the same class. Preservation items are NOT included in the 5 entries for tabulation.
2. Exhibit 3 cookies, 3 muffins, 3 breadsticks, 1 loaf of bread, etc. Small items such as cookies and rolls must be the same shape and from same recipe.
3. For snack mixes, place 1 cup of mix in food grade plastic bag. Do not use glass containers.
4. Under baked entries will be lowered one or more ribbon placing.

DISPLAYING FOOD GUIDELINES To Follow:
- Place entire product - must be whole and uncut - on an aluminum foil covered board or plate (depending on size of the baked good).
- Place & tape 4-H Food Label (class number & name, product, and name) on the bottom of plate, cardboard or container.
- Place in food grade baggie big enough to hold entire baked item and board or plate.
- Remember to put recipe card in a little baggie and attach to the top of product with the 4-H card underneath & staple to the right-hand lower corner.
- Alcohol (wine, beer, and hard liquor) is not allowed as an ingredient in food entries. Entries with alcohol will be disqualified.
- All unrefrosted cakes must be exhibited in an upright position with the top crust showing, except for those cakes made with special designs such as bundt cakes. They should be shown with crust side down.
- Food exhibitors will have the opportunity to auction their projects. See Food Auction Rules at the beginning of the Rules Section of this Fair Book for more information.
- Each food item will receive a Purple, Blue, Red or White ribbon. A Champion and Reserve Champion exhibit will be selected from each age division to determine Champions. A “points per product” system will be used. In case of tie, the judge will make the final decision based on the level of difficulty. There will be only one Champion and one Reserve Champion in each age division.
- Purple ribbons will identify items of State Fair quality.
- Not more than one food item and one educational exhibit per 4-Her will be eligible for State Fair.
- Members wishing to visit with the judge are to sign a schedule as products are entered.
- For food safety purposes, any food with custard and dairy-based fillings and frosting (ex. cream cheese), raw eggs, flavored oils, “canned” bread or cakes in a jar, cut fresh fruit or any food requiring refrigeration (ex. Bacon); or unbaked exhibit with raw flour (ex. No bake cookies) will be disqualified and not judged. Refer to K-State Research & Extension publication, 4-H888, Judge’s Guide for Foods and Nutrition Exhibits and MF3544, Food Safety for Frostings and Fillings for information to help you make informed, safe food exhibit decision.

A parent will be allowed to listen in on the consultation judging. However, they will not be allowed to visit with the judge until ribbons have been placed on all food products exhibited by the 4-Her. Failure to comply with this guideline will result in the product being lowered a ribbon placing.

Class:
4299  Age Group 7-8, Non-perishable food product
4300  Age Group 9-11, Non-perishable food product
4302  Age Group 12-14, Non-perishable food product

4306  Food Gift Package (No alcoholic beverages will be accepted. Must contain at least three different non-perishable food products prepared by the 4-Her in a suitable container no larger than 18x18x18”). On the back of the entry form, describe in 50 words or less the purpose of your gift basket. This entry will count as a non-perishable food product, not an educational display. Packaging material and containers will not be sold at the food sale unless exhibitor states otherwise.
4307  Food Flop - enter your “biggest cooking failure” to be judged. No ribbon or prize money awarded - just fair fun!
EDUCATIONAL EXHIBITS
Exhibits can be on topics such as nutrition, food safety, food preparation, food groups, fitness, etc. The educational exhibit can be a poster, notebook, or other display showing and describing something learned, a project activity done, a food-nutrition community service program, etc. Should relate to things done in the project in which the member is enrolled. Copyright rules apply. Educational Exhibits are State Fair eligible.

Maximum poster size of 22” X 28” or display size of 3 ft. X 4 ft. Will be judged with 60% nutritive information and 40% on poster appearance. Must be able to attach poster to wall for display so do not use items on poster that will not hang. Name and county/district must be clearly marked on all exhibits.

Note: A collection of your favorite recipes in a recipe box or notebook does not constitute an educational exhibit.

*ALL EDUCATIONAL EXHIBITS MUST BE PRESENT AT THE TIME OF THE JUDGING.*

Class:
4310 Educational Exhibit prepared by 7-8 year olds
4311 Educational Exhibit prepared by 9-11 year olds
4312 Educational Exhibit prepared by 12-14 year olds
4313 Educational Exhibit prepared by 15-18 year olds

FOOD PRESERVATION

Special Rules
1. Read GENERAL RULES.
2. Members may exhibit in each class. However, member can only enter one exhibit per class.
3. All exhibits must be preserved in the current club year.
4. Recommended recipes and processing methods must be used and must be adjusted for altitude based on your processing location, or it will be disqualified. Recipes must be from 1995-present. Processing methods that can be disqualified include: open hearth canning, over canning, and sun canning. Best practice is to use standard processing methods that ensure food safety. Untried recipes will be disqualified for food safety reasons. Tested recipe resources include: K-State Research and Extension Food Preservation publications; Other University Extension Food Preservation publications; USDA Complete Guide to Home Canning; So Easy to Preserve, 7th Edition, The University of Georgia Cooperative Extension Service; Ball Blue Book Guide to Preserving; Ball Complete Book of Home Canning; Ball Canning mixes (i.e. Mrs. Wage’s, Ball); Pectin manufacturers (i.e. SureJell Ball); http://www.rrc.state.ks.us/preservation/recipes.html
5. Alcohol is not allowed as an ingredient in food preservation entries. Entries with alcohol in the recipe will be disqualified and not judged.

6. Exhibits must be sealed in clear, standard canning jars with matching brand (ex. use Ball lids on Ball jars) two piece lids. Do not use colored jars. Do not add fancy padded lids, fabric over wraps or cozies as they interfere with the judging process. For food safety reasons, the size of jars used must be no larger than the jar size stated in the recipe. No fancy packs unless recipe states to do so (ex. Pickled asparagus). Jars must be processed when entered. For food safety reasons, the size of jars must not be larger than the jar size stated in the recipe. (ex: Salsa is canned in pint jars only, no quarts). Note: There are now 12 ounce and 24 ounce canning jars available and may be used. Use pint jar processing recommendations for 12-ounce jars. Use quart jar process recommendations for 24-ounce jars and 28-ounce (in two places).

7. Each jar exhibited must be labeled. The label must not cover brand name of jar. The label must give: Class Number, Division, Product, Canning Method, Process Time, Pressure (psi), Altitude where Processed, Name and County/District, and Processing Date. Templates to make adhesive labels can be found at: https://www.kansas4-h.org/events-activities/fairs/kansas-state-fair/docs/foods-and-nutrition/ Foods_Label.pdf.
8. Each exhibit must have the complete recipe and instructions attached with the entry or it will be disqualified. Recipes must include recipe source, date of publication, and altitude of residence.

9. Dried Foods-One kind of dried food product exhibited in a small canning jar. If dried food product is not in a canning jar, it will be lowered one ribbon rating. Suggested amount: 1/3 - 1/2 cup, or three or four pieces per exhibit. All meat jerky must be cooked to an internal temperature of 160 degrees F before or after drying. Dried products must include the recipe and preparation steps. Jerky not heated to an internal temperature of 160 degrees F will be disqualified and not judged.

10. Purple ribbons will identify items of State Fair quality. Member may take two exhibits to the State Fair, but only one entry per class.

11. Photographs taken with a digital camera and having no more adjustments than exposure, color intensity or correction, one click filter effects, red eye removal, cropping, dodging and burning should be entered in the standard color or black and white classes. HDR (High Dynamic Range) photos are to be entered in the standard photo class.

12. Purple ribbons qualify for the State Fair. A 4-Her may only take 1 qualifying photograph UNLESS in project of 8 or more years.

13. Improperly mounted photographs, oversized or undersized photos or photos with the white border not removed or lettering, including dates, on the photos will be awarded a ribbon one lower than the placing by the official judge.

14. A parent will be allowed to listen in on the consultation judging. However, they will not be allowed to visit with the judge until ribbons have been placed on all exhibits. Failure to comply with this guideline will result in the exhibit being lowered a ribbon.

15. Digital Composite Image; Finished Photo must be created from two or more original images photographed by the exhibitor. Photos will be judged on photographic merit as well as manipulation technique and process. HDR photos do not qualify for this class.

16. Photos with live subject(s) on railroad right-of-way or taken from a railroad right-of-way property will not be displayed in Kansas 4-H Photography and will be disqualified.

17. Photographic subject matter is expected to follow 4-H standards. For a sense of prohibited subject matter, review the Kansas 4-H member Code of Conduct; in general, if it is not allowable at a 4-H event, it is not allowed in a 4-H photograph at the Morris County Fair.

18. Copyright protections must be observed.

19. ALL EDUCATIONAL DISPLAYS NEED TO BE PRESENT AT TIME OF JUDGING.
Special Rules

1. See GENERAL RULES.

2. Each member may enter up to two exhibits in 4-H Forestry but only one entry per class. Participants can exhibit in a collection phase and one other class, 5104-5109, or they may exhibit in any two non-collection classes, 5104-5109.

3. All leaf exhibits are to be mounted on a 8 1/2” x 11” heavy stock paper and placed in loose leaf binders. (Magnetic, adhesive filler sheets, or sheet protectors for photographic prints are recommended.) Twigs and fruit collections may be exhibited in whatever manner you choose. Maximum tri-fold size is 3’x4’.

Resources for exhibiting are located on the Kansas 4-H forestry project page: https://www.kansas4-h.org/projects/agriculture-and-natural-resources/plant-sciences/forestry.html.

Superintendent: Duane Andres  Junior Superintendents:

Special Rules

1. See GENERAL RULES.

2. Each exhibitor will be able to display up to a maximum of four (4) photographs in the 4-H Division of the County Fair. All other photos may be shown in the Open Class Category.

3. Photographs entered must be the result of the current year’s project work by the 4-H member. Photo images must be taken by the 4-H member (exhibitor).

4. All photographs must be no larger than 8”X10” and no smaller than 7”X9”, after removing white border from the photo print before mounting.

5. Photographs are to be permanently mounted using photographic adhesive across the narrow (11”) dimension of an 11”X12.5” sheet of white or cream studio mount (board oriented narrow side up). Photos mounted on foam core board will not be displayed.

6. Photos must be mounted with the top edge of the print 1” below the top of the mount. The sides of the print must be equal distance from the two sides of the mount. To protect exhibits from dust and moisture, it is required they be placed in a protective plastic bag. Matte boards and bags are available at the Extension Office.

7. No lettering, including dates, is permitted on the front of the mount or on the photo, only the Kansas State Fair Photography ID Form. No underlay or borders are to be used. No contact prints on front of mount.

8. The Kansas State Fair 4-H Photography ID Form (available from your Extension Office and online) must be used and mounted correctly on the bottom front of the matte board. This will be illustrated in a letter from the State 4-H Office to the Local Extension Office and on Kansas4-H.org.

9. On the back of the mount, write: the exhibitor’s name, photo class, and the Extension Unit. If in a district, please use full district name and add county name.

10. Black/white and color photographs may be exhibited. In each class, black/white exhibits will be judged separately from color exhibits. Black and White classes are for black and white prints only. Monochromatic prints, including sepia prints are considered color photos and must be entered in the appropriate color photo class.

GEOLOGY & LAPIDARY
Superintendent: Duane Andres

Special Rules:
1. The exhibit box should be 18”x24”x3 1/2”. Plexiglass covers are required. Boxes with glass covers WILL NOT be accepted.
2. All specimens are to be arranged across the narrow (18”) dimension of the exhibit box, making the exhibit 18” across the top and 24” deep exactly.
3. If a box has a sliding Plexiglass cover, it must be removable from the top. Screws, locks, or other devices that would prevent judges from removing the cover should not be used.
4. For Lapidary classes only, the dimensions of the box should be appropriate for the display, but should not exceed 18”x24”x3 1/2”.
5. Each exhibitor is required to identify each display box by placing an identification label bearing name, county and number of specimens in the upper left-hand corner of the Plexiglass cover (inside-use clear double sided tape to adhere gammed labels), and by attaching a label with the same information on the lower right corner of the box (outside).
6. Specimens should be labeled with the number of the specimen, date collected, specimen name or description and locality where collected.
7. For classes 5200, 5201, 5202 and 5203, specimens should be mounted in the box by proper groups: rocks, minerals, fossils. Fossils must be identified to the Phylum, Class and Genus level. Genus name is to begin with a capital letter. Species name is all lower case. Genus and species names must be either be italicized or underlined, not both. The words “phylum, class and genus” on labels are to be spelled out, not abbreviated. More than one specimen of the same kind of rock or mineral or species of a fossil may be exhibited if this duplications represents different geological formations. Specimen label must show this distinction (Fort Hays limestone, not just limestone; calcite from the Greenhorn Formation, not just calcite; Phylum: Brachiopoda a Class Articulata Genus: Composita from the Morrill Limestone Member, not just Phylum: Brachiopoda Class: Articulata Genus: Composita).
8. For classes 5200, 5201, 5202, 5203, 5305 and 5206 all specimens must be collected by the participant (not purchased) from locations in Kansas, with the exception of the Tri-State Mining Area specimens collected from these three adjacent counties: Ottawa County, OK; Newton and Jasper Counties, MO. Other out of state specimens will not count in the minimum number for the class, nor will they be considered in the judging.
9. Exhibitor may enter in both Geology and Lapidary classes.

PHASE 1: GEOLOGY
Class:
5200 Geology: Display at least 15 different rocks, minerals or fossils collected during the 4-H year. Exhibitor is limited to one exhibit box. Only those exhibiting at State Fair for the first time may enter this class.
5201 Geology: Display at least 30 different rocks, minerals or fossils, at least 5 of each. Fifteen must be collected during the current 4-H Year. Exhibitor is limited to one exhibit box. This class is open to those exhibiting either first or second time at State Fair.
5202 Geology: Display at least 45 rocks, minerals or fossils, at least 5 of each. Fifteen must be collected during the current 4-H Year. Exhibitor is limited to two boxes. This class is open to those exhibiting either the third or fourth time at State Fair. Identify the rocks as igneous, metamorphic or sedimentary. These rock types must be spelled out on labels or have a legible key.
5203 Geology: Display at least 60 rocks, minerals or fossils, at least 5 of each. Fifteen must be collected during the current 4-H Year. Exhibitor limited to two boxes. This class is open to those exhibiting the fifth time or more at the State Fair. Identify the rocks as igneous, metamorphic or sedimentary. These rock types must be spelled out on labels or have a legible key.
